

Eisenhower-Truman Meeting To Stress U. S. A. Peace Unity

By JACK BELL

WASHINGTON (AP)—Congressional leaders expect President-elect Eisenhower and President Truman to agree at their conference here tomorrow on a statement telling the world America is united in its quest for peace.

The first meeting in months of Truman and the man who will succeed him brings together two historic figures who once worked as a team on foreign problems but who used harsh words to describe each other's views during the presidential campaign.

No Big Differences
For this reason, some leaders in Congress who didn't want to

be quoted said they believe a joint statement is clearly needed to reassure the free world there is no deep-seated division over U. S. foreign policies.

Eisenhower promised during the campaign to make Democrats "real partners" in working out basic foreign policies and tomorrow's meeting—designed to aid an orderly transition from the Democratic to the Republican regimes—will be regarded by some as the first test of his intentions.

The President-elect already has said he will not share in nor assume responsibility for any administration decisions before he is formally inaugurated Jan. 20.

For this reason, few expect him to do more than listen to a briefing on the international and domestic situation.

Briefing For Ike

Officials familiar with plans for the meetings said Truman's primary purpose in suggesting there was to make certain Eisenhower is informed of major world problems, and how the present administration intends to deal with them.

These officials believe the sessions will cover several other points of importance:

1. Eisenhower probably will be given a fill-in on hydrogen bomb progress. The Atomic Energy Commission late yesterday said H-bomb "research" was included in a new weapons test program at Eniwetok Atoll, but its carefully phrased announcement did not say such a bomb had been exploded.

2. Truman may urge Eisenhower to name top cabinet members.

Canvass Shows Williams Leads Alger By 8,618

DETROIT (AP)—Republican leaders were engaged today in a minute check of unofficial and official returns in the close governor's race apparently won by Democratic incumbent G. Mennen Williams. Williams' margin over Republican Secretary of State Fred M. Alger Jr., based on an unofficial tabulation of official canvass reports from Michigan's 83 counties, was 8,618 votes.

No Big Changes

GOP leaders were studying the changes that showed up in the official canvass and planned to have detailed data to present to Alger within a day or so. Upon this information Alger is expected to base a decision on whether to ask a recount.

He said earlier he would ask the new count if Williams' margin did not vary greatly from unofficial tabulation. There was no major change.

Moody Poor Loser

Republican leaders were scoffing in the meantime at Democratic charges of fraud in the senatorial election. An unofficial compilation of canvass figures from all the state's 83 counties showed Rep. Charles E. Potter with a lead of 45,765 over Senator Blair Moody, his Democratic opponent. The unofficial totals, based on the canvasses, were:

Potter 1,428,287
Moody 1,382,522

State Democratic Chairman Neil Staebler asked an investigation by the Senate rules committee of what he called "irregularities" in the voting.

Democratic heads said members of the committee were due here today to begin a probe. However, Republican Chairman Owen J. Cleary countered that he had heard nothing officially of such an investigation.

Future Of Wage Controls Hinges On Coal Pay Raise

Hydrogen Bomb Test Admitted In Washington

By ELTON C. FAY

AP Military Affairs Reporter
WASHINGTON (AP)—The Atomic Energy Commission has officially disclosed that hydrogen bomb "research" was included in a test of nuclear weapons at the heavily guarded Eniwetok Atoll.

But the commission stood pat today on its refusal to admit such a bomb had been exploded. The commission, after issuing its terse announcement last night, also spoke of possible prosecution for those who have written letters home about seeing what they described as the world's first H-bomb blast.

Off On Schedule

Dr. Harold C. Urey, Nobel prize-winning scientist who was a key figure in the development of the atom bomb, said in Chicago he believed the AEC announcement meant the United States has successfully exploded its first H-bomb.

Rep. Carl T. Durham, D-N.C., chairman of the Joint Congressional Committee on Atomic Energy, commented on the AEC announcement only by saying the "thermonuclear weapons research" at Eniwetok "came off on schedule." He would not refer to the tests as hydrogen bomb experiments. However, "thermonuclear weapon research" is the scientists' way of designating work on an H-bomb.

In a formal announcement, AEC Chairman Gordon Dean said only that the 1952 series of atomic weapons development tests had been concluded at Eniwetok Atoll. But what, reporters asked, about the swelling volume of letters coming back from ship crew members and others attached to the joint AEC-military task force

Big Army Air Fleet Helps Foot Soldiers

WASHINGTON (AP)—The Army is building a 2,200-plane air fleet of its own to help foot soldiers in combat zones.

Gen. J. Lawton Collins, Army chief of staff, said yesterday about half the aircraft would be cargo-type helicopters and the other half light, fixed-wing planes with an empty weight of not over 5,000 pounds. He said Air Force functions are not being duplicated.

NEW LISBON, N. Y. (AP)—After nearly 75 years of fall hunting Christian Kindt bagged his first deer at 85.

He shot a nine-point buck near this Otsego County hamlet.

Reds And Vice Cash In On U. S. Airmen At Oxford, England

By PHILLIP CLARKE
OXFORD, England (AP)—British Reds and red light ladies are cashing in on one of the biggest booms to hit Oxford in centuries—8,000 American airmen.

Scores of prostitutes have trooped into this ancient cultural city to grab easy money from free-spending Yanks on leave from the three big U. S. air bases nearby. And a few unpleasant incidents involving Americans and Britons have provided big headlines for the sensational press and fresh propaganda for the Communists' "Yank go home" campaign.

Lecture On Behavior

Both U. S. Air Force officials and Oxford city authorities do not believe the situation has reached the serious stage yet. But both are anxious to do something about it.

Maj. Gen. Francis H. Griswold, commanding general of the Third Air Force in Britain, this week began a series of flying visits in England to lecture the 45,000 airmen on good behavior.

The three bases in the Oxford area—Upper Heyford, Brize Norton and Fairford—are on the general's itinerary.

The Air Force also has begun "re-indoctrination" courses on friendly Anglo-American relations. The Air Force action followed a report by a private British-American group which said there is

"bad feeling" between American airmen in Britain and the British public. Oxford was one of the areas covered in the group's five-month study.

Citizens Shocked

Both the Air Force and Oxford city authorities insist that the 8,000 American airmen in this area have behaved as well as can be expected. They agree the real problem is prostitution.

Sabres Bag Five Communist Jets

SEOUL (AP)—U. S. Sabre jets today shot down at least five Communist MIG-15s over northwest Korea, the U. S. Fifth Air Force reported. The series of air battles produced the 21st American jet ace of the Korean War.

A sixth destruction claim is pending confirmation. In addition, one MIG was listed as probably destroyed and one damaged. Allied losses, if any, were not announced.

The new ace is Col. Royal Baker of McKinney, Tex. He got one MIG today to raise his total to five MIGS and one LA-9 propeller-driven fighter destroyed.

TOP MAN IN MOSCOW—Jacob D. Beam, above, of Princeton, N. J., has been chosen by the State Department to take charge of the American Embassy in Moscow in the absence of Ambassador George F. Kennan, who was ousted by the Kremlin several weeks ago. The 44-year-old career diplomat will be the top American diplomat in Russia, with the rank of Minister-Counselor of the American Embassy.

Eight Orphaned In Car Accident

SEATTLE (AP)—Eight Seattle children were left orphaned today by the traffic death of their father and mother. A 16-year-old girl left as nominal head of the family was trying to make plans to keep the family under one roof.

The parents, Halldor A. Byron, 38, a longshoreman, and his wife Josephine, 35, were killed early yesterday by an automobile as they walked along a Seattle road. The surviving children are Beverly, 16, and Robert, 17, who left home Friday night for San Diego to receive boot camp training in the Navy, and these younger children:

Harry, 14; Darrell, 13; Flora, 12; Keith, 11; Jonny, 6; and Vickie, 5.

Coroner John P. Brill Jr. said a chaplain at San Diego said he would aid in getting a leave or discharge for Robert.

Meanwhile, assured of aid by relatives, Beverly said she hopes to keep the family together. How she will go about it, she didn't know.

Right-Hand Assistant To Murray Fills In As Acting CIO Boss

PITTSBURGH (AP)—One of the late Philip Murray's jobs has been filled—temporarily.

David J. McDonald, for 3 years right-hand man to the veteran labor leader, was named acting president of the CIO United Steelworkers until the union's members can select a new leader in a referendum to be held next Feb. 10.

McDonald was selected Saturday by the USW's 35-member Executive Board. He will continue his duties as the union's secretary-treasurer.

Coronation Expenses Scare British Lords

LONDON (AP)—A number of lords have asked Queen Elizabeth II if they may be excused from wearing expensive velvet and ermine robes—or even dyed rabbit, for that matter—at her coronation next June.

A group of lords from all parties suggested that a number of seats be set aside for them, separate from their richly garbed fellow peers. The request has been formally presented through the earl marshal, the Duke of Norfolk, who is in charge of arrangements.

Norway Princesses Vacation In Florida

NEW YORK (AP)—Crown Princess Martha of Norway and her daughters, Princesses Ragnhild and Astrid, are here on their way to Florida for a vacation.

Princess Martha, who has been ill, and her daughters arrived by plane from Oslo yesterday. She will spend a month at the Palm Beach home of Charles Ulrich Bay, U. S. ambassador to Norway.

Miners Seeking Full Boost Of \$1.90 Per Day

WASHINGTON (AP)—A spokesman for the soft coal industry, urging a government O. K. for a \$1.90 a day pay raise for coal miners, said today he doubted it would encourage higher wages in other industries.

Harry M. Moses, the industry spokesman, was the first witness at an informal public hearing called by Economic Stabilizer Roger Putnam on the miners' pay case.

Ruling Appealed

The industry agreed to a \$1.90 increase but the Wage Stabilization Board (WSB) ruled that only \$1.50 could be allowed under the government's inflation control rules. Moses and union leader John L. Lewis appealed the WSB ruling to Putnam.

Putnam asked Moses whether he thought the full \$1.90 a day pay raise would serve to "pressure" wage increases in other industries.

"I don't think this raise will go unnoticed around the country," Putnam observed.

Moses argued that considerations peculiar to the mining industry warranted approval of the full raise. He said the coal miners don't get the same degree of paid holidays and vacations, or other "fringe" benefits, as do workers in other industries.

Many Factors Involved
Involved in the case are factors of far-reaching importance—whether the wage control program can be continued in its present form, whether the miners may strike and whether coal prices may have to be boosted still higher.

Only Saturday, ceiling prices for coal were raised to offset a \$1.50 wage increase. And over the

Red Guns Pound Pinpoint Ridge

By ROBERT TUCKMAN
SEOUL (AP)—Red Chinese artillery threw a thunderous hours-long barrage at a blood-soaked Pinpoint Hill and Rocky Point today. It may have been a prelude to a night-time Communist infantry attack.

Allied artillery roared in answer as United Nations forces sought out the big Red guns which were dropping a hail of exploding steel on Allied positions in the Sniper Ridge sector of the Central Front.

The artillery duel shook the entire Kumhwa Valley.

Communist guns started slamming 1,200 shells an hour at the entrenched South Korean defenders at 11 a. m. The barrage continued as night fell.

American officers said they observed considerable Red troop movement in the valley at the northern end of Sniper Ridge—from where Communists have launched previous night infantry attacks against Pinpoint and Rocky Point.

Latest reports said Southern Korean defenders were withstanding the barrage.

House-Full Of Gifts Awaiting Eisenhower

NEW YORK (AP)—When President-elect Dwight D. Eisenhower returns here tomorrow he will have to decide what to do with:

A live goose, a pair of baby-blue undershorts decorated with white elephants, gold golf tees, fishing flies, a white pigeon, two cans of grubbs for fishing, a horse shoe once worn by Kentucky Derby winner Citation, and socks knitted with an "I like Ike" pattern.

These items are among the many gifts arriving here in daily floods at Eisenhower's residence. There is also a pile of 35,000 letters and telegrams.

Pioneer, 102, Dies

PLYMOUTH (AP)—Mrs. Susan Lennox, member of a pioneer family that settled in Michigan 95 years ago, died here Sunday at the age of 102. Mrs. Lennox married a lumberjack who took her to the town of Buckley, near Traverse City. Her husband died 18 years ago at the age of 85.

Nation Counts 88 Dead Or Missing In Plane Disasters

(By The Associated Press)

After one of its grimmest aviation weekends, the nation today counted 88 persons dead or missing in the disappearance or scattered crashes of eight American military planes and three civilian aircraft.

Some 31 passengers and crewmen aboard two U. S. Air Force transports are missing; 48 are known dead in the crashes of a military transport, a fighter plane and three Navy craft; and nine are dead in the civilian crashes.

Nine Air Force planes searched in vain yesterday for a huge C-119 Flying Boxcar which disappeared in Alaska Saturday with 20 men aboard. The Air Force fears the big transport crashed.

Meanwhile, helicopters and Navy small boats scoured the Sea of Japan for 11 men missing after a C-46 transport dove into the water off

the east coast of Korea Saturday night. Seven others were rescued.

As the search for the missing continued yesterday, a helicopter was flying out the mangled bodies of 44 passengers and crewmen killed Friday in the mountainside crash of another C-119 Flying Boxcar 18 miles east of Seoul, Korea.

Five persons died last night in the worst of the weekend civilian crashes. Their single-engine private plane met disaster near Dalt, Tex., on a flight from Guthrie, Tex., to Los Angeles, home of the five. Among the dead were a mother and father and their two small children.

In the other weekend military crashes, an Air Force reserve pilot was killed Sunday near Hanna City, Ill., and three Navy pilots died in separate crashes in California and Arizona.

Deer Guns Kill 6; 25 Others Wounded

(By The Associated Press)

Michigan counted six deaths by gunshot, three by heart attack and two by drowning today after the first weekend of its 16-day deer season.

In addition at least three hunters were reported lost in the woods near the Sault Ste. Marie area.

Soo Man Shot
Shot to death Sunday was Edward T. Krol, 42, of Sault Ste. Marie. Sheriff Roy Guest of Chippewa County said Krol was hunting 20 miles north of the Sault with George Lavender, of Detroit. He said Krol walked into Lavender's line of fire, that the Detroit mistook Krol of a deer and fired. The bullet struck Krol in the face. Lavender was held for questioning.

As the 15-day season entered its third day today state police also had reports of some 25 hunters who had been wounded by gunfire.

Two deer hunters drowned in separate accidents in Conway Lake, Marquette County, Sunday. William Cromwell, 24, of Ishpeming was the only one of a party of four who failed to make it to shore when a boat in which they were changing hunting grounds capsized.

Roy I. Hendra, 52, of Marquette, drowned when his canoe capsized in the lake. He was alone.

Horned Doe Kept
Conservation Department officials reported a record of around 400,000 hunters in the fields and woods, with thickest concentrations in the Roscommon area and

more than 40,000 in the Upper Peninsula.

Fair to good kills were reported, with the heaviest deer toll being in the congested Roscommon region.

Charles E. Drake, 60, of Kalamazoo, died of a heart attack Sunday near Mancelona.

Two hunters were fatally wounded and two died of heart attacks on opening day—Saturday.

The Conservation Department said 320 hunters were arrested the first day for a variety of infractions, but one who killed a doe not only went scot free but got to keep his deer.

He was Morris Norton, of Harsco, who fired at an antlered deer but found it was a doe after he had killed it. Bucks, which have antlers, are the only legal game currently. But when conservation agents saw Norton's unusual doe had a five-point rack of antlers, they knew he'd though he was shooting at a buck so they told him to keep it.

Does with horns are rarities among deer.

Bullet Hits Woman
A Greenville woman, Fanny Fuller, 50, was added to the growing list of wounded hunters Sunday.

Number Of Federal Employees Can Be Cut In Two, Rep. Reed Says

DUNKIRK, N. Y. (AP)—Rep. Daniel A. Reed R-N.Y., who is slated to become chairman of the House Ways and Means Committee in the new Congress, says he believes the number of federal employees can be cut in half.

He also says he favors cuts in both domestic and foreign spending.

"Anybody who is fair-minded, and who knows how the people of Europe feel, says the time has come to let them carry their own burdens . . . We are not gaining any friends or aiding our position by continuing to give our money away," he said yesterday.

Angered Customer
Robs Till Of \$40
DETROIT (AP)—Angry because he thought he had been short-changed a nickel on a quart of milk, an irate grocery store customer finally whipped out a gun and stopped the argument.

"O. K., then," he told clerk Peggy Henderson, "I'll take it all." The man emptied the cash register of \$40 and fled.

Nixon Gashes Foot
MIAMI BEACH, Fla. (AP)—Vice President-elect Richard Nixon, his wife and a group of friends spent Sunday on an all day fishing trip. Nixon, vacationing here with his family, gashed his right foot on a barnacle or some other sharp object while swimming Saturday. Seven or eight stitches were required.

Ensign Spends Stolen \$38,000

SANTA ANA, Calif. (AP)—A 28-year-old Navy ensign, charged with embezzling \$38,000 of his ship's funds, was quoted by FBI agents yesterday as saying he had squandered all but about \$2,600 on women, liquor, foreign-made autos and travel.

FBI Agent Joseph Santonia Jr. said George McClelland Snyder, who vanished from a U. S. destroyer at Portsmouth, Va., about Oct. 17, told of traveling to Florida, Louisiana, Texas and the West Coast. He traveled by airlines or in the two foreign-made cars he bought.

Snyder, disbursing officer on the destroyer, was arrested yesterday at a swanky resort hotel at Newport Beach, Calif.

Santonia said Snyder's women included Patricia Johnson, 22, a 6-foot showgirl who was questioned at San Antonio, Tex., Thursday about \$2,100 in new currency she had with her.

The FBI confiscated the money and released her after she said it was given to her during a platonic friendship with a veteran she met at Miami.

The ensign was to be arraigned today.

Boy Finds Cash Cache Of \$15,000

FREDERICKTOWN, Mo. (AP)—A 15-year-old boy, interrupted in a planned journey around the country, yesterday told how a search for a whisky bottle led him to more than \$15,000 cash.

Gerald Marcel Collier of Jonesville, Ill., and a companion, John Chupp, 17, of Lasalle, Ill., were taken from a Memphis-bound bus Saturday by Missouri Highway Patrolman R. C. Caldwell.

The boys had \$14,132 with them, Caldwell said, and told of another \$1,000 hidden in a sewer near their home. Part of the latter amount has been recovered by Lasalle authorities who are coming for the boys today.

Caldwell said young Collier told this story:

He went to an abandoned house near Jonesville early this month to find a hidden bottle of whisky. While there he saw a hole leading to the attic, so he climbed up. He found a metal box with the money inside.

Joseph Plano, owner of the house, said yesterday he had no ill feeling toward young Collier.

"It was lucky for me that he did go into the house," Plano said, and added he didn't know the money was there.

Charge 4 With Deer 'Shining'

Conservation officers and State Police of the Marquette detachment working cooperatively Friday night arrested four men for attempting to hunt and kill deer with the use of an artificial light.

They are Jerome DeBacker, Lawrence Bussineau and Arthur North of Cornell Rte. 1, and Pat DeBacker of Rock.

The deer season did not open until Saturday morning.

The men were taken to Gwinn where they were lodged in jail from Saturday morning to 4 a. m. Sunday, when they were released on bond. They have not yet been arraigned.

With a search warrant the officers returned to the Jerome DeBacker farm Saturday morning, located three miles north of Watson in Marquette county, and found four large buck deer hidden in a straw stack, it was reported by Allen Tweedy, Escanaba, assistant district conservation supervisor.

Officers said they are consulting with Marquette county authorities prior to making complaint in connection with the finding of the four deer on the Jerome DeBacker farm.

Arraignment of the four men on the headlighting charge will be made later this week, officers said.

Two Delta County Men Victims In Collision

A head-on automobile collision Saturday afternoon when the new hunting season was only hours old, claimed the lives of a Rapid River hunter, Jacob Hewitt, and Peter Jacobson, 72, Fairport store operator.

It was the first fatality involving a hunter to be reported in Delta county in the season which opened Saturday morning.

Investigating officers of the Gladstone State Police post were unable to determine the exact cause of the mishap. Time of the collision was about 12:15 p. m.

Returning From Hunting
Hewitt, owner of Bill's Bar at Rapid, was returning home from a few hours' of hunting beyond the Ensign area when he unaccountably drove off the south side of US-2 where it makes a long curve about a quarter-mile east of the Stoughton road.

Jacobson, returning from a business trip to Gladstone, was driving easterly on the highway when he apparently took his car off the road to avoid the approaching Hewitt car.

The vehicle, met head-on on the shoulder, the impact sending Jacobson's car skidding backwards about 30 feet. The men were dead when officers arrived.

No Tire Marks Visible
State police reported that there were no tire marks on the highway to indicate that Hewitt had tried to brake his car around the curve. It also appeared to them that Hewitt failed to attempt to negotiate the curve.

Both cars were demolished in the crash.

The victims were pronounced dead by Dr. Charles Kee of Gladstone, deputized coroner. The Delta county sheriff's office assisted the State Police in the investigation.

Both men were brought to the Anderson Funeral Home.

Peter Martin Jacobson, 72, of Fairport, was born Sept. 23, 1880, in Norway, and came to the United States as a young man. He worked for the Hansen and Jensen Fish company prior to going to Fairport, where he resided for 50 years. He conducted a grocery and mercantile business in Fairport 35 years.

School Board Member
Jacobson was a member of the

Fairport school board many years, served six years as township treasurer, and was active in both civic and church affairs. He worshipped at the Congregational Church in Fairport.

Funeral services for the Fairport resident will be held at 1:30 p. m., Wednesday from the family home and at 2 p. m., Wednesday from the Congregational Church with the Rev. Gerald Bowen of Rapid River officiating. Burial will be in Sac Day cemetery. The body is in state at Anderson funeral home in Escanaba and will be removed to the family home Tuesday morning to lie in state until the funeral hour.

Jacobson leaves two sons, Henry of Fairport and Milton of Detroit, two daughters, Mrs. Howard Gierke and Mrs. Orville Farley of Fairport, two brothers, Magnus Jacobson of Stonington and Jennifer Jacobson of Escanaba, and 10 grandchildren. His wife died Feb. 20, 1939.

Hewitt Funeral Wednesday
Jacob Hewitt, 53, of Rapid River, was born in Belfast, Ireland, April 10, 1899. The Rapid River hotel proprietor and tavern operator lived in Manchester, Conn., and Frazier, Mich., prior to moving to Rapid River three years ago.

Hewitt was a member of the Brotherhood of Railway Trainmen, the Fraser (Mich.) Lions club and the F. & A. M. Lodge at Fort Erie, Ont., Can.

The body is in state at Anderson funeral home, where funeral services will be held at 2 p. m., Wednesday with the Rev. Wilbert Johnson of the Rapid River Lutheran Church officiating. Burial will be in Gardens of Rest cemetery.

Kindergarten Class—A kindergarten class in tap and ballet will be formed, Mrs. Jeanette LeCaplain announced today. Registrations may be made by calling 3332W.

Band Boosters—The Escanaba Band Boosters association will elect officers at a meeting Tuesday, Nov. 18, beginning at 8 p. m., backstage at the Escanaba Junior High School. A program will precede the business meeting and a social hour will follow.

School Of Religion—The Adult School of Religion will be held at 8 this evening at the Bonifas Memorial Auditorium with Father Charles Carmody of Garden, the speaker. The lesson will be the sixth in a series of eight on "The Sacraments."

Playhouse Damaged—Fire reported at 9:39 p. m. yesterday damaged a children's playhouse at the rear of the Al Darenais residence, 122 North 16th St. Firemen issued a warning to parents of the dangers to children in permitting unsupervised play in sheds and playhouses.

Speeder Pays Fine—James W. Lofquist, 19, of Bark River Rte. 1, today pleaded guilty to a charge of speeding and running a stop sign and paid a fine of \$25 and costs. Escanaba police ticketed Lofquist after Lofquist's car ran a stop sign at 14th Street and Lake Shore Drive at 6:30 p. m. yesterday, skidded in soft clay at the intersection and rolled over, coming to rest against a telephone pole. Neither Lofquist nor his companion, Ronny Rettman of Escanaba Rte. 1, were injured.

Recover Stolen Car—An automobile owned by Austin Pouliot of 1605 17th Ave. S. was stolen

between 10 and 11 a. m. from where it was parked on First Ave. South and was recovered in the afternoon where it was abandoned in the 100 block, North 12th Street. Escanaba police are continuing their investigation.

eran Church officiating. Burial will be in Gardens of Rest cemetery.

Surviving the Rapid River businessman are his wife, the former Daisy Kasprzak, three sons, Jacob, William and Danny Hewitt of Rapid River, two daughters, Mrs. Howard Meek of Roswell, N. M., and Linda Ann at home, four brothers, John and Sam Hewitt of Manchester, Conn., William Hewitt of Sarnia, Ont., Can., and Frank Hewitt of Goodyear, Conn., and a sister, Mrs. John Kibish of Manchester, Conn.

Largest Deer Weighed To Date Is 212 Pounds

The largest deer weighed in to date at the official Chamber of Commerce weighing station checked in at 212 pounds and the smallest was only 82 pounds. A total of 30 deer were weighed up to noon today.

The largest deer was owned by Jack Dulek, 1806 Ludington Street, and the smallest was shot by Lloyd Eliason, 1412 Stephenson Avenue.

Attractive prizes are being awarded to winners in several divisions at the end of the hunting season.

The first report of a lost hunter was received this morning with the report that Charles Jack, 40, of Detroit, had been lost for 29 hours west of MacFarland. He became lost Saturday morning

but found his way back to camp Sunday noon after spending the night in the woods. He met another hunter from a nearby camp Sunday morning and the second hunter directed him to his camp.

The reports from the camps indicate that the deer kill is heavy but that hunters are in abundance everywhere. Hunters are hoping for light snow to aid in tracking wounded deer.

The first report of a hunting accident was received Sunday.

Curtis Blosser, 66, of Rapid River, suffered a bullet wound in the left wrist at 7:30 a. m. Sunday when his .22 caliber rifle accidentally discharged while he

was hunting in Masonville township.

Officers said Blosser told them he had leaned the rifle against the car and that it discharged when he started to pick it up. The bullet lodged in the joint of the left wrist.

Blosser was taken to St. Francis hospital for treatment.

Slight Delay In Road Work

The contract held by C. G. Bridges, late Escanaba construction man, for the resurfacing of M-35 south of Escanaba will be filled with only a slight lowering of the deadline date, H. C. Coons, deputy commissioner of the highway department, has announced.

Coons reported that Bridges' contracts will be completed by either the contractor's sons or by other contractors to whom the work will be sub-let.

Finished By Fall

This assures that M-35 will be completed, Coons said, "not quite as rapidly as planned, but it should be in use by this time next year."

At the time of his death on Oct. 25, Bridges held a contract with the State Highway Department for the clearing, grading, drainage and concrete resurfacing of 7,809 miles of M-35 from south of Ford River to a short distance north of Fuller Park. The anticipated completion date was July 31, 1953.

Work Continuing

With Bridges construction business being a one-man enterprise, there was a possibility that his M-35 contract would be re-advertised to bidders.

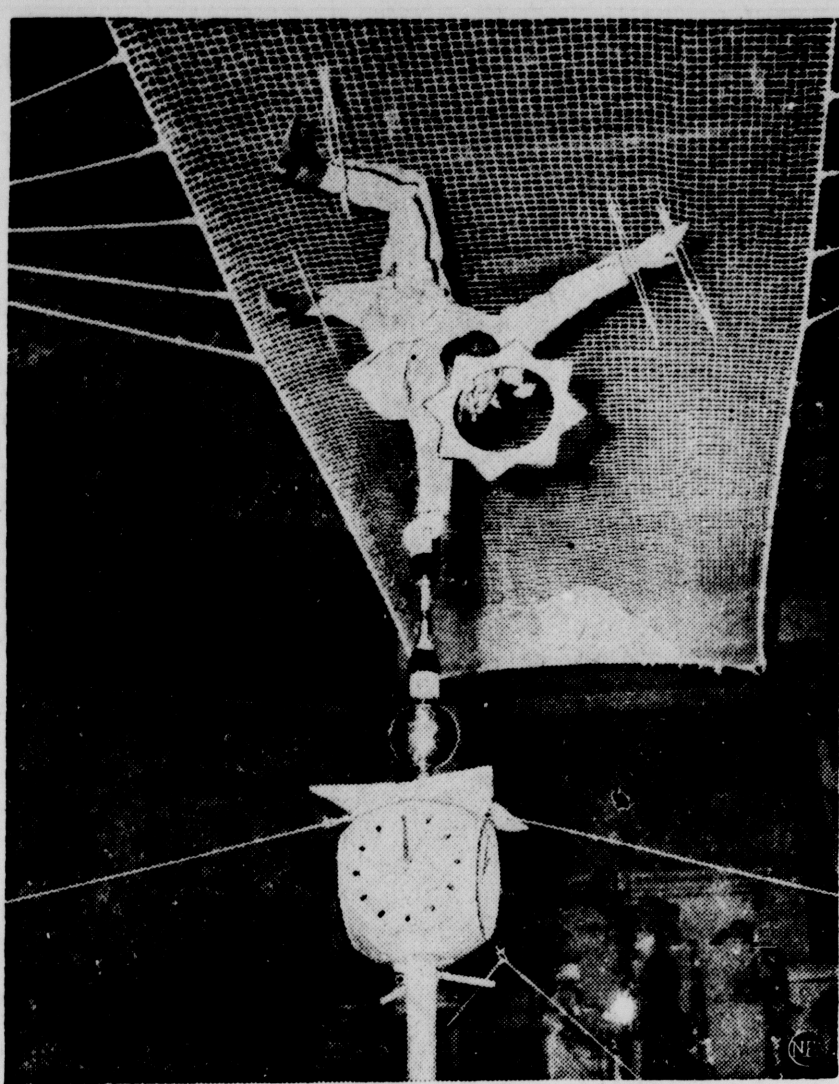

Clearing of the land and grubbing was in progress on the site of the re-laying of M-35 at the time of Bridges' passing. Similar work is continuing there, it was reported today by H. A. McPherson, head of the Escanaba branch of office of the State Highway Department.

Altar Society Meeting Tuesday

Diocese Planning Centennial Year

MARQUETTE—The Upper Peninsula of Michigan was established as a Vicariate Apostolic by Pope Pius IX on July 29, 1853. At the same time, at the request of the Fathers of the First Plenary Council of Baltimore, His Holiness appointed Father Frederic Baraga as its chief pastor with the character of a bishop.

In calling attention to this fact, Bishop Thomas L. Noa, D. D., ordinary of the diocese, noted that a fitting and proper observance of the centennial is contemplated and took steps to initiate plans for the commemoration in the diocese.

"In effect," Bishop Noa stated, "this separation of the Upper Peninsula from the jurisdiction of the diocese of Detroit marked the beginning of the history of the diocese of Marquette."

At a meeting of the Diocesan Consultors it was decided to inaugurate plans for this celebration and chairmen were appointed to direct the promotion of the centennial.

Bishop Noa and the board of consultors will form the executive committee. Rev. Arnold L. Casanova, Chancery secretary, will serve as executive secretary. Committee appointments are as follows:

Ceremonies—Rev. Robert J. Chisholm, North Lake
Finance—Rt. Rev. Msgr. Martin B. Melican, Escanaba
Historical—Rt. Rev. Msgr. John T. Holland, Menominee

Hospitality—The Pastors of Marquette
Laymen's Organizations—Very Rev. Msgr. David P. Spelgatti, Marquette

Laywomen's Organizations—Rev. Joseph J. Dunleavy, Bark River
Music—Rev. Otto J. Sartorelli, Marquette

Parish Participation—The Very Reverend Deans

Radio and participation on the sick—Rev. John V. Suhr, Marquette

Schools—Rev. O'Neil C. D'Amour, Escanaba

Spiritual Participation—Rt. Rev. Msgr. Joseph L. Zyrd, P. A., V. A., Negaunee

It is expected that these committees will be ready to begin their work in January, 1953.

Adult Educators Will Meet Here

Escanaba will be host for a conference of Upper Peninsula adult education directors and school superintendents interested in adult education Dec. 11 and 12.

With Deer Hunters - - - Camp And Trail News

With the weather taking a turn for the worst since the opening day, Saturday, the deer kill has been estimated at only "fair" by conservation officers. The number of hunters in the woods is believed to be as many as last year, they reported.

Richard Jaeger of Ford River downed his first buck, an 8-point, 200 pound deer, Saturday morning on the Jaeger farm in Ford River.

Goodness!

Gene Moberg of Isabella hit a large deer Sunday evening while driving to Manistique on Highway U. S. 2-41. His car was considerably damaged, and all four legs of the animal were broken. A conservation officer was called to pick up the deer.

A weekend hunting party at the Frappier-Ducheny camp, Jelly Nimrod, on Big Stevens Lake near Nahma included Armand Ducheny and his son, Dick; Don Zierke and his son, Clem; Emil Frappier and Joseph Blanchette.

Staff sergeant R. J. Cook of Sheppard Air Force Base, Wichita Falls, Tex., is getting in some hunting before reporting back to the Air Force for assignment.

Funeral Home in Menominee where friends may call beginning at 10 a. m. Tuesday. The rosary will be recited at the funeral home at 8 p. m. CST, Tuesday, led by Father Francis Geynet of St. Ann's Church, Menominee. Services will be held at St. Joseph's Church in Perkins Wednesday at 9 a. m. EST. Father Wilbur Gibbs of Holy Family Orphanage, Marquette, will offer the funeral mass. Burial will be in Perkins Cemetery.

to Europe. While spending a day enroute leave here he is trekking with his brother-in-law, Bob Parker, near Whitefish Creek.

Andrew Lindquist, 223 North 18th street, was one of the first Delta hunters to fill his license, and thus far is the only successful one at the Clarence Carlson camp at Hardwood. Lindquist bagged an 8-point buck about 8:30 a. m., Saturday.

Cpl. Mike Lalich of the Gladstone State Police detachment filled his license Sunday on the Stonington peninsula. He bagged a 12-point buck weighing more than 200 pounds, in about one hour.

Louis Pintal, 408 South 18th street, Grant Way, 1115 South 7th avenue, and Frank Barr of Bark River are hunting at the Lawrence Richer camp at LaBranche.

Paul DeBant of Bark River, who hunted Sunday from the Lawrence Richer camp at LaBranche, shot an 8-point buck. He is the first of the hunting party there to fill his license.

Mrs. Bob Wilkinson, Escanaba Rte. 1, has had a number of successful seasons but she is particularly proud of the 10-point buck she brought down Sunday morning while hunting back of Perronville. The buck weighed in the neighborhood of 175 pounds.

Dale Watchorn of Isabella was the first in his community to fill his license. He downed an 8-point buck the first morning of the season, near the farm of his father, Albert Watchorn.

Another successful hunter already this season is Leo St. John,

923 First avenue north, who bagged a six-pointer at 4:30 p. m. Saturday while hunting at the Chester Borden farm in Northland.

Martin P. Ritchie of Rapid River is acting as guide for two Lower Michigan hunters in the Skandia and Little Lake area. The hunters are Bob White, Detroit manufacturer, and Ed Seeterlin of Clarkston, a retired garage owner.

Successful hunters at the Herb Getzlaff camp Esquire near Hardwood are Hector Trombley, Nadeau, with a five point 160 pounder and Herb Getzlaff who shot a big eight pointer, weighing 210 pounds.

Three licenses were filled in the first two days of the season at the Polazzo camp at Vega, near Hermansville. Successful hunters were Felix Cabianco, of Ann Arbor; George Miller, of Menominee; and Victor Benetti, Hermansville. Walter Carlson of Escanaba is hunting from this camp.

Lots of the boys sit around camp for many days without even seeing a deer and others search daily without success in the woods. Not so R. H. Pakarinen of 505 N. 19th St. who flew in by plane from Chicago Saturday afternoon at 2 and had his buck two hours later. He got to Cornell at 3:15 and within an hour had dropped a 186-pounder with a 22-point rack. Pakarinen left today for Green Bay, Wis., where he will rejoin the tanker Wescoat.

An unbroken record of successful deer seasons was maintained by Mrs. Joseph Martin, 1019 Wisconsin Ave., Gladstone, when she brought down a 4-point buck Saturday at 9 a. m. in the Haymeadow district.

Roy Swanson, 208 S. 18th St., hunting in the Northland area brought down a fine 8 point 175 lb. buck at 8:00 a. m. opening morning.

Perkins

PERKINS—Mr. and Mrs. Philip Lacasse and family of Limestone returned to their home Sunday after attending the Lacasse-LaCroix wedding Saturday.

Mr. and Mrs. Wilfred Beauchamp have received word that their son, Sgt. Norbert Beauchamp, who is stationed at Camp Atterbury, Ind., has left for Fort Benning, Ga.

Henry Strange of Traverse City is visiting at the Morris Depuydt home and will hunt here.

J. H. Roberts of Detroit arrived Tuesday for a visit at the home of Mr. and Mrs. William Krouth. He will be here a week.

Mrs. Freddie Krouth is spending the weekend with Mr. and Mrs. Emil Casimir in Trenary.

Plan Party

Plans for a Christmas party at Bethany Lutheran church Dec. 10 were made at a meeting of the Ladies Aid of the church Wednesday evening. Mrs. Ben Gustafson was hostess for the aid meeting.

Mission Society

Members of the Missionary Society of the Bethany Lutheran church will have a prayer night at the church Nov. 20, at 8 p. m. Pot luck lunch will be served. Christmas gifts will be turned in at this time.

Fantastic Textbook Blunder In Germany Puzzling To Americans

THERE is something more than human error behind the fantastic situation in Germany in which the U. S. occupation authorities paid nearly \$60,000 to a German Communist to write a new history textbook for German schools.

More than a thousand copies of the book were distributed before it was discovered that the textbook contained heaps of Communist propaganda.

How could such a colossal blunder as this go unnoticed? The U. S. authorities admit that they did not make a security check on the author, a mistake in itself. But even so, how could such a textbook be put into type, proofs read, book published and distributed before anyone in authori-

ty learned that the new textbook was filled with Red propaganda.

The incident is a costly mistake and not only in terms of the \$60,000 that the U. S. government has paid for its production. It makes the U. S. occupation authorities look silly and weakens the American position abroad.

It provides more ammunition for our Communist foes.

This fantastic development serves to make Americans at home wonder what is going on in Germany and brings suspicion to us that perhaps other phases of our occupational authority in Germany are as inefficiently handled.

At least it suggests that we had better make a thorough checkup of the manner in which our affairs in Germany are being administered.

If a Communist can get away with a matter as important as this one and make us pay him for doing it, we must have a lot of incompetents handling our affairs over there.

Churchill Wins Time To Prove His Case

THE Churchill government in Britain is now more than a year old. Off and on for months there have been contentions that it is basically weak, and predictions that it must ultimately fall before a resurging Labor Party.

Yet obviously the time is not yet. Winston Churchill has just won a thumping vote of confidence in the House of Commons on the issue of his government's economic policies. And, perhaps more of a measure, his party recently captured by decisive margin an important parliamentary seat that had been vacated.

The fight for that seat had been widely recognized as a test of strength. The trend of such by-elections is always closely watched for signs that the government is weakening, holding its own, or gaining.

If all the reports of weakness had been true, the Conservatives ought not to have taken the vacant berth. That they did is viewed in Britain as pretty conclusive sign that the incumbent party is as strong with the electorate as when it was voted in last year.

Evidently the people are not as dissatisfied with the Conservatives as many observers suggest. At the very least, they seem determined to give the ruling party more time than it has had so far to prove its case.

HEALTHFUL HUMILITY

(Duluth News-Tribune)

"Humility" is the best one-word summary of the nation's response to the election returns. General Eisenhower set the example. Every group in the nation has come to share that attitude.

Even the big majorities, popular and electoral, are evidence that this election was no fluke, no freak of timing, no whim of the people. Some of the guessers rated among the shrewdest were far off the target. No pressure group can feel that it alone produced the votes which elected the winner or defeated the loser. No party can feel that it has a life-long claim to the votes of most of the people.

All in all, it's a good start toward a time of hard thinking and hard work.

Oh, for the good old days when all our Uncle Sam was giving away was seeds and pamphlets on how to do this or that.

An Oklahoma man says he has changed his will 14 times. Why don't his relatives behave?

Lots of the folks who think airplanes safer than autos likely are pedestrians.

Merry-Go-Round

By DREW PEARSON

WASHINGTON—While the time of arrival, etc., should not be revealed, General Eisenhower has decided that it would be foolish for him to go to the Far East without stopping at one of the most controversial spots in that area—Formosa.

Accordingly, he will visit Chiang Kai-Shek and inspect his troops with a view to possible use of three divisions of Chinese Nationalists in Korea later.

This is an extremely controversial subject which has been debated back and forth between the State Department, the Pentagon, and senators favoring Chiang Kai-Shek. The Joint Chiefs of Staff have argued that the time and expense of equipping Chiangs men would be considerable compared with the risk that they might surrender to the enemy when engaged in battle.

However, General Eisenhower figures that this is something he can best decide for himself—after inspecting the troops himself. Therefore, the trip to Formosa will be one of the most important parts of the Korean pilgrimage. In fact, it is possible he may avoid Japan altogether.

U. S. SPIES

It hasn't leaked out yet, but two sergeants in the U. S. Air Force have been caught trying to sell military secrets to the Communists in Korea. They now face a possible death penalty as traitors to their country.

The two sergeants tried to make a deal to sell information for cold cash to a man they thought to be a Communist agent. However, he turned out to be an Air Force undercover man.

The incident isn't a savory one. But, unfortunately, these things sometimes happen in wartime.

MCCARTHY PROBE

The senate elections subcommittee, charged with the job of probing fellow senators, is now in a backstage lather over what to do with its investigation of ten serious charges placed against Senator McCarthy of Wisconsin.

These charges were brought by Senator Benton of Connecticut on Aug. 6, 1951. Nothing conclusive has happened in the year and three months that has elapsed since. At first McCarthy tried to block the probe. However, the full Senate voted 60 to 0 against him. After that, McCarthy tried to bulldoze committee members, brought counter-charges against Senator Benton, and induced two members of the subcommittee to resign.

Senator Benton has welcomed any investigation of his finances, has offered the committee his income-tax returns, and only last week offered to testify about himself if and when the committee wanted him. But McCarthy has ducked.

Though Senators Welker of Idaho and Gillette of Iowa have been induced to resign from the committee, another Republican, Sen. Bob Hendrickson, despite considerable pressure, has stuck to his guns.

Sen. Mike Monroney of Oklahoma, a Democratic committee member, left for Europe without even telling colleagues, but Sen. Tom Hennings of Missouri, committee chairman of the probe, and Hendrickson seem determined to go through with it.

MCCARTHY'S FINANCES

Committee investigators who have been digging into McCarthy's weird financial empire have found amazing transactions and cash deposits. For instance, during the one term McCarthy has served in the Senate, he deposited \$24,388.09 in cash alone. During the same period, deposits of checks from unidentified sources totaled \$65,592.57.

Yet McCarthy has consistently dodged giving the committee any explanation of his strange transactions.

Many senators, including Republicans, feel that for the honor of the Senate these matters should be cleared up one way or the other. They recall the probe of Sen. Elmer Thomas of Oklahoma which was started by Sen. Homer Ferguson of Michigan, only to be dropped abruptly after Thomas wrote Ferguson a letter threatening to expose the dealership his family received from the Chrysler Corporation.

These suspended, inconclusive investigations, plus the Nixon expense fund, have given the public the impression most senators are subsidized, which is not the case. And the majority of the Senate—as indicated by the 60-to-0 vote of confidence—want these matters cleared up one way or the other.

"Allow Me to Introduce Myself"

Expand Army Course To Train Korean Army Officers In U. S.

BY DOUGLAS LARSON

FT. BELVOIR, Va. (NEA)—President-elect Dwight Eisenhower's campaign pledge to start an intensive training program of South Koreans so that they can begin replacing more American troops in the front lines is actually well on its way to being fulfilled.

A course of training for able young Republic of Korea Army officers in U. S. Army schools is proving highly successful. The Army says the course can be expanded quickly to speed Eisenhower's ultimate goal of having ROK troops take over the entire front line there.

Some of the secret restrictions on the program have been lifted enough to reveal that most of the key ROK officers who could speak and understand English are already on their way back to Korea from Army training courses in the States. Now the program is successfully training ROK officers who can't speak English.

The first class of 50 non-English speaking ROKs now going through Ft. Belvoir's school for engineers is typical of those in infantry, artillery and quarter-master corps schools in other parts of the U. S.

The far more efficient technical training available in the U. S. is given as the main reason for bringing the ROKs here, rather than trying to teach them in Korea. And they end up with a much better insight into the use of American equipment and the U. S. Army's way of doing things. Interpreters bridge the language barrier in the classes. The American instructor delivers a few sentences of his lecture and the Korean interpreter repeats it to the students.

One of the instructors, Lt. Franklin Edson, says: "It's surprising to find out how alert and very sharp these boys are. They are asking extremely good questions and grasp the subject matter very well. You can tell that they have all had a lot of combat experience by the way they approach some of the problems we discuss."

The students themselves are eager to learn and enthusiastic about everything they have seen in the U. S. on their visit. In rank they range from second lieutenant to lieutenant colonel. Many of them entered the Korean Army right from high school. Several

are college graduates.

They are carefully selected for the course on the basis of ability, leadership and combat records. When they return they will be integrated as staff officers in ROK divisions, given key planning jobs and in many cases made instructors in their field for further training of ROK troops.

One of the youngest of the group, Lt. Kie Yeung Ahn, a native of Taegu, was commissioned at the start of the war, saw plenty of action and plans to make a career of the Army.

"It's too bad we didn't know some of the things we have been taught when the fighting first started," he says. "Things might have been a little different if we had."

Accompanying the class is U. S. Army Maj. Norman F. Lewis, who is with the Korean Military Advisory Group.

While they are at Ft. Belvoir, the South Koreans have all the

Good Evening...

By CLINT DUNATHAN

THE LONG-AWAITED — This past weekend was one that, in Michigan at least, attracted as much attention as the presidential election but for a very different reason.

It was the opening of the 1952 deer hunting season, a time when all good men and true came to the aid of their party—hunting party, that is.

The pattern was similar to every other hunting season in the past. The woods were filled with hunters, and the towns were nearly vacated as the men (and a few women) went to camp.

Opening day, Saturday, was fine weather for the hunters. Possibly Sunday was good hunting weather. We don't know, not being in the woods. But in town it was one of those cloudy, rainy and somewhat dreary days that frequently afflict the North Country in November.

WELCOME RAINFALL — Hunters brushing against rain-laden branches in driving through swamps might not have welcomed the rainfall, but the foresters did.

For the rain, scanty though it was, ended a long period of near-drought that created forest fire hazards and might have caused winter-kills of some of the evergreens.

L. C. "Lou" Harrison, Hiawatha National Forest supervisor, smiled at the complaints about the Sunday afternoon rain. To the men of the U. S. Forest Service and the Conservation Department the rain was about the nicest thing to happen in these parts in the past month and a half.

SWINGING BACK—Perhaps in tune with the coming winter season, and certainly in keeping with the red-flannel period recalled by the deer hunting days, is the growing interest of Escanaba young people in old-time square dancing.

At the Saturday night dance for students in Escanaba Senior High School gym there was square dancing as well as the modern swing version of the popular tunes. Steve Ballie of the High School faculty called the figures of the dance.

It was not a new experience for him. He knows the calls forward and backward and taught square dancing in adult education classes.

Perhaps Virginia Reel, Turkey in the Straw and Irish Washerwoman will never rank in popularity with Artie Shaw's latest tunes from the hit parade—but you never can tell. After all, the polka has been dusted off to become one of the most popular dances among a large segment of the younger generation.

JUMPING THE GUN—This deer season as in the past, there is always the story of the deer hunter with the "first buck" to be brought in.

At Rapid River, the story goes, a downstate hunter reported back to town with a large buck on Saturday morning. He had shot it, he said, as daylight hit the Whitefish River swamp.

The natives were not much impressed. The very dead buck was in an advanced stage of rigor mortis. Quite obviously it had been dead for 24 hours or more—possibly the day before.

Old hands at the game say it is always safer to bring in such pre-dated trophies the second day (or even the third day) of the season to avoid embarrassing questions.

THE QUIET DAYS—In cities and villages through the state this week will be quiet indeed, with a large portion of the population absent in the woods.

During the daylight hours the streets will be minus a large number of automobiles, now parked beside some deer camp in the backwoods; factory wheels will be turning at half speed with so many of the workmen away; and Monday's meetings of business and professional men will have a token attendance.

Which recalls the bewilderment of a business executive in Chicago, who came to an Upper Peninsula town just after the hunting season opened. Every man he tried to contact was out—hunting.

"But this is an emergency," he stormed. "I must see Mr. Smith! Which comes first—business or deer?"

"Sir," replied the stenographer languidly. "Mr. Smith said I should not try to reach him for any reason except should Mrs. Smith have twins."

"And is Mrs. Smith expecting?"

"No," said the stenographer, leaning back and closing her eyes. "She is at camp with Mr. Smith!"

Power With Words

By Dr. C. E. Funk

Our guide in Quebec last summer though he had an exceptionally good command of English for a French Canadian did have us momentarily confused on time when he said that a certain insurance company had "investigated" large amount in Canadian industries.

His mistake was a natural one, however, because the Frenchman doesn't "invest" money; he "places" it. To him to invest means only to clothe, to envelop with a garment, coming from the Latin vestis, a garment—the source, by the way, of our word vest.

We use invest in that sense also, the opposite of divest (di-VEST or DYE-vest, to strip clothes or ornaments from a person). And we extend the usage to mean to install a person into a position or office by furnishing him, or clothing him, with certain powers or authority. Further, in military sense, we use it to mean to surround or enclose, as a hostile army.

Our use of invest in a financial sense comes from an Italian usage, apparently through association of members of the East India Tea Company of London, back in the early seventeenth century, with Italian merchants. But it is not clear how the Italians came to use it to mean to place money for profit.

The usual noun for the financial sense is investment (in-VEST-ment); that is the older sense is investiture (in-VEST-ment). We speak of an investment of one funds, and the investiture of a bishop into his churchly office.

The man who is best at dodging words usually is the worst failure.

The Doctor Says . . . Yawning Is Partly Voluntary; Has Connection With Boredom

By EDWIN P. JORDAN, M. D. — Written for NEA Service

Sometimes this column receives questions on rather unimportant but interesting subjects such as today's first.

Q—Why is a yawn "catching"?

J. L. T.

A—Yawning is considered to be a complicated nervous breathing reflex which is associated with being mildly bored, and with irritating mental effort or mild anxiety. It seems to be under partly voluntary control, but in a group, the members of which are all somewhat bored, anxious or tired, a yawn will often be unconsciously imitated by many after the first one starts.

Q—My left breast has been increasing in size for the past five months. This began slowly but is now more rapid. I feel no lump or pain.

Mrs. M. J.

A—Any change in the size or shape of the breasts calls for immediate examination even though this does not sound like cancer.

Q—Are cysts in the breast cancerous? Can they be removed other than by surgery. What is their cause?

Mrs. M. C.

A—Cysts in the breast are not cancerous but may become so. There is no way to remove them except by surgery. Their cause is not known.

Q—I recently read in the newspapers a dispatch from Moscow which quotes a

Russian professor as recommending soda baths as a means of living longer. The statement said bicarbonate of soda, when added to hot baths, would not only prolong life but reduce fat. The dispatch added that the method did not guarantee eternal youth, and said that improper use might prove injurious. What do you think of this?

B. L.

A—How silly can one get? Here is something which is claimed to prolong life, and yet might be dangerous at the same time. Personally, I cannot see how it would do any harm or good except to the manufacturers of baking soda.

Q—Will petit-mal epilepsy in a child of nine inevitably develop into grand-mal or may it disappear in later years?

J. W. M.

A—Petit-mal epilepsy does not inevitably lead to grand-mal or serious attacks. It does sometimes disappear in later years, but a child with any form of epilepsy should be under medical care.

Q—What are radio-active iodine treatments and how are they administered?

Mrs. M. V.

A—Radio-active iodine is one of the treatments sometimes given for toxic goiter. In properly selected cases it is of great value and is administered by drinking a fluid containing radio-active iodine in the proper dosage and at proper intervals.

Frick Is Wise In Rivera Case

By ROBERT C. RUARK
NEW YORK—Ford Frick, the relaxed Judge Landis of today's baseball, has shown a considerable wisdom in the administration of some delicate problems which might have roused the violent old judge to extreme measures, and which might have spurred Ford's immediate predecessor, Happy Chandler, to regrettable hysteria.

Frick has a hand-sewn problem in the person of Jim Rivera. The Chicago White Sox outfielder, who graduated from jail to the majors after serving part of his sentence on rape charges. At the time Rivera was chosen for the majors, Frick said in a very fine statement that insofar as he and baseball were concerned, Rivera had paid his price for his crime, and that the future was fresh. What happened to Rivera thereafter was up to Rivera, and if he stayed clean, baseball would regard him strictly as an outfielder and not as an ex-convict.

Rivera went along for the last season, and aroused no undue comment either as an athlete or a jail-house alumnus. Then he got into a nasty mess that he couldn't get to any ballplayer, but is particularly rough if your name is Rivera and you have an old rape rap behind you.

Exonerated By Jury
Rivera picked up some cookie or other and went home with her. All of a sudden here is Rivera charged again with rape. He says that he assaults nobody, but that the babe is willing, and so it goes to the Chicago grand jury. The jury exonerated him.

But the suspicion is still there, and as a man on liberal probation, Rivera must face either expulsion from baseball or tacit condonation that an ex-convict and admitted seducer is parcel to the national sport. Many another ballplayer has been in similar or worse trouble with dames, because dames like ballplayers and are pretty easy to come by after hours. But none had Rivera's record.

Since the player was exonerated by the grand jury, he is technically innocent of the criminal charge, which makes his status as if the incident has never happened at all. Frick can't fire him for conduct unbecoming an officer and a gentleman, because Rivera can sue and sue and sue on the grand jury's reasoning alone. Frick fretted and finally he played it real smart.

Indefinite Probation
For the noisome publicity alone, he was able to place Rivera on indefinite probation. This would mean that if the young man gets into any more messes, intentional or otherwise, Frick can give him the heave and keep the name of his sport still fair. But even more intelligently the baseball commissioner made Rivera's team, the White Sox, responsible for his conduct on and off the field. As absolute czar, Frick can administer the daylight out of a team when legally he might be unable to prosecute a player.

By awarding complete stewardship of Rivera to the Sox, Frick automatically insures that he will stay with Chicago forever, because no other club would care greatly to inherit Rivera's liabilities for his athletic assets. The kid and the club are thereby placed strictly on controllable mettle. Ford saves baseball's face and also keeps civil liberties alive. It was a very neat seal-off.

It was really a pretty tough test case. What Frick did about Rivera was an adequate yardstick of what the other lads might get away with in future. Yet having accepted the first ex-con ever to make the majors, Frick had also assumed a responsibility for fair treatment and protection from outside persecution. This while still realizing that major league baseball, apart from its defection in the Black Sox scandal, is about the only 100 per cent clean (ostensibly) institution in the land.

I think that Mr. Frick is to be congratulated for the second time this year—first for his fair and honest appraisal of Rivera, whom he didn't want in the first place.

Commission Urges 3 Main Changes In State Government

LANSING (AP)—Three major and controversial changes in state government will be urged on the 1953 Legislature by Michigan's "Little Hoover Commission."

The commission ordered bills drafted on 10 governmental reorganization projects for submission to the Legislature.

One of the principal ones would merge all state health agencies into one, including the Health Department, Mental Health Commission, Crippled Children Commission, Tuberculosis Sanatorium Commission, Hospital Survey and Construction Office and Board of Alcoholism.

Merger of Boards
Another would merge 15 professional and trade licensing and examining boards into one agency under a commissioner chosen by the governor.

The third major proposal is for the abolition of the elective office of superintendent of public instruction, replacing him with an eight-man elective board of education which would appoint a commissioner of education.

The commission also proposed the centralization of the driver licensing system and the integration of all driver and vehicle services under the secretary of state, including the State Safety Commission's functions.

No Tree Inspection
Other proposals would: Allow the Legislature to decide who shall sit on the State Board of Canvassers, now determined by the constitution.

Establish a central pension agency for all state pension systems.

Relieve the state police of and secondly for offering the guy one more strike before he gets the thumb. I imagine that Rivera is not ungrateful. So few convicts are allowed a second strike, let alone a third.

Hyde

HYDE—Mrs. Paul Porath entertained her card club Tuesday evening. Canasta was played and winners were Mrs. Rudy Porath and Mrs. Alex Muther, high; Mrs. Emil Porath and Mrs. Neil Ebbeson, low. A cake and coffee lunch was served by Mrs. Porath.

A pink and blue shower was given by Mrs. Hilding Olson for Mrs. Norval LaLonde at the home of Mrs. Olson. Games were played and Mrs. LaLonde was given many gifts. Lunch was served.

Mr. and Mrs. Louis S. Johnson have left for Chicago to spend a few days with relatives and friends.

The last school will begin serving hot lunches Monday, Nov. 17.

Highway Deaths Blamed On Fog

(By The Associated Press)

Violent death struck often on Michigan's highways over the alternately foggy, sunny and rainy weekend. At least 17 died in traffic smashups, including a father and two children.

Five other persons died in fires, one drowned and one was shot to death.

A four-car pileup near Port Huron fatally injured Cecil McDonald, 29, of Port Huron, his son William, 4, and daughter, Rose Marie, three months. Their car plowed into another from the rear.

Bernard Kuzar, 35, of Taylor township, was killed early Sunday as his car struck another whose driver had slowed to 1 mile an hour because of fog.

Harris Wofford, 18, of Detroit, died in Monroe of injuries suffered early Sunday when the car he was riding in crashed into the rear of another in fog on US-25. Three others were hurt.

Another accident apparently caused by fog killed Carl E. Pease, 27, of Hart. His car left US-31 north of Hart on a curve early Sunday.

Deer Guns Kill Six In Michigan

(Continued From Page One)

A 30-30 rifle bullet struck her in the abdomen while she was sitting on a log in Kalkaska County. Leroy Rice, 65, of Muskegon, said he mistook her for a porcupine because of fur she was wearing on her coat.

The woman was taken to a Grayling hospital in serious condition.

Bloodhounds were being flown in from Appleton, Wis., to aid in the search near Hulbert for Marvin Abts, 25-year-old Hulbert conservation teacher who disappeared Saturday.

Authorities said he entered the woods north of the Tahquamenon river and disappeared. Fifty men searched the area for him Sunday without success.

Lost in Chippewa County, 35 miles west of the Sault, were Charles Hunt, 27, and Walter Crump, 30, both of Oden in Emmet County. They last were seen Sunday.

Body Recovered

ESTES PARK, Colo. (AP)—The crushed and battered body of a 21-year-old Marquette University student was recovered late yesterday, from the snowswept slopes of Hallet Peak, 10 miles west of here. The victim, John H. Tallmadge of Wauwatosa, Wis., disappeared four months ago while on a vacation trip.

Train Kills Five

MONTREAL (AP)—Five persons were killed and two seriously hurt last night when a fast-moving Canadian Pacific passenger train bound for Quebec struck an automobile at a crossing east of nearby St. Vincent de Paul.

Athletics, Club Work Interest Rural Students

A strong desire to participate in athletics and club activities at Escanaba Senior High School was expressed last week by rural students attending EHS.

Rural students now are unable to take part in many extracurricular activities because they leave on buses shortly after classes are dismissed.

In a questionnaire circulated among rural students, 40 stated they would be interested in club work if transportation were available. Football interested 25 rural students, basketball, 21 and track 12.

Thirty-six farm youths said baseball would interest them and 24 expressed a desire to take part in intramural athletics. Cross country interested five, tennis and golf, one each.

Four township students said they would like to work in debate and forensics and six wanted to work on the school newspaper. Two juniors were interested in work in school departments and five seniors expressed a desire for co-op training.

Escanaba Senior High School has students coming from Cornwell, Ford River, Escanaba and Wells townships. Most of those interested in extra-curricular work, according to the questionnaire, came from Escanaba and Wells townships.

A total of 262 rural students are enrolled in the junior and senior high schools here.

Biggest Ore Carrier Built At Lorain, O.

PITTSBURGH (AP)—The biggest bulk carrier ever built on the Great Lakes will be launched Wednesday at Lorain, O., to join the iron ore fleet of the National Steel Corp.

It will be christened the Ernest T. Weir, honoring the steel firm's president, and is being built by the American Shipbuilding Co.

The Weir is 690 feet long, has a beam of 70 feet and a molded depth of 37 feet. The displacement of the boat at a draft of 25 feet, the maximum available in existing channels, is 21,500 tons.

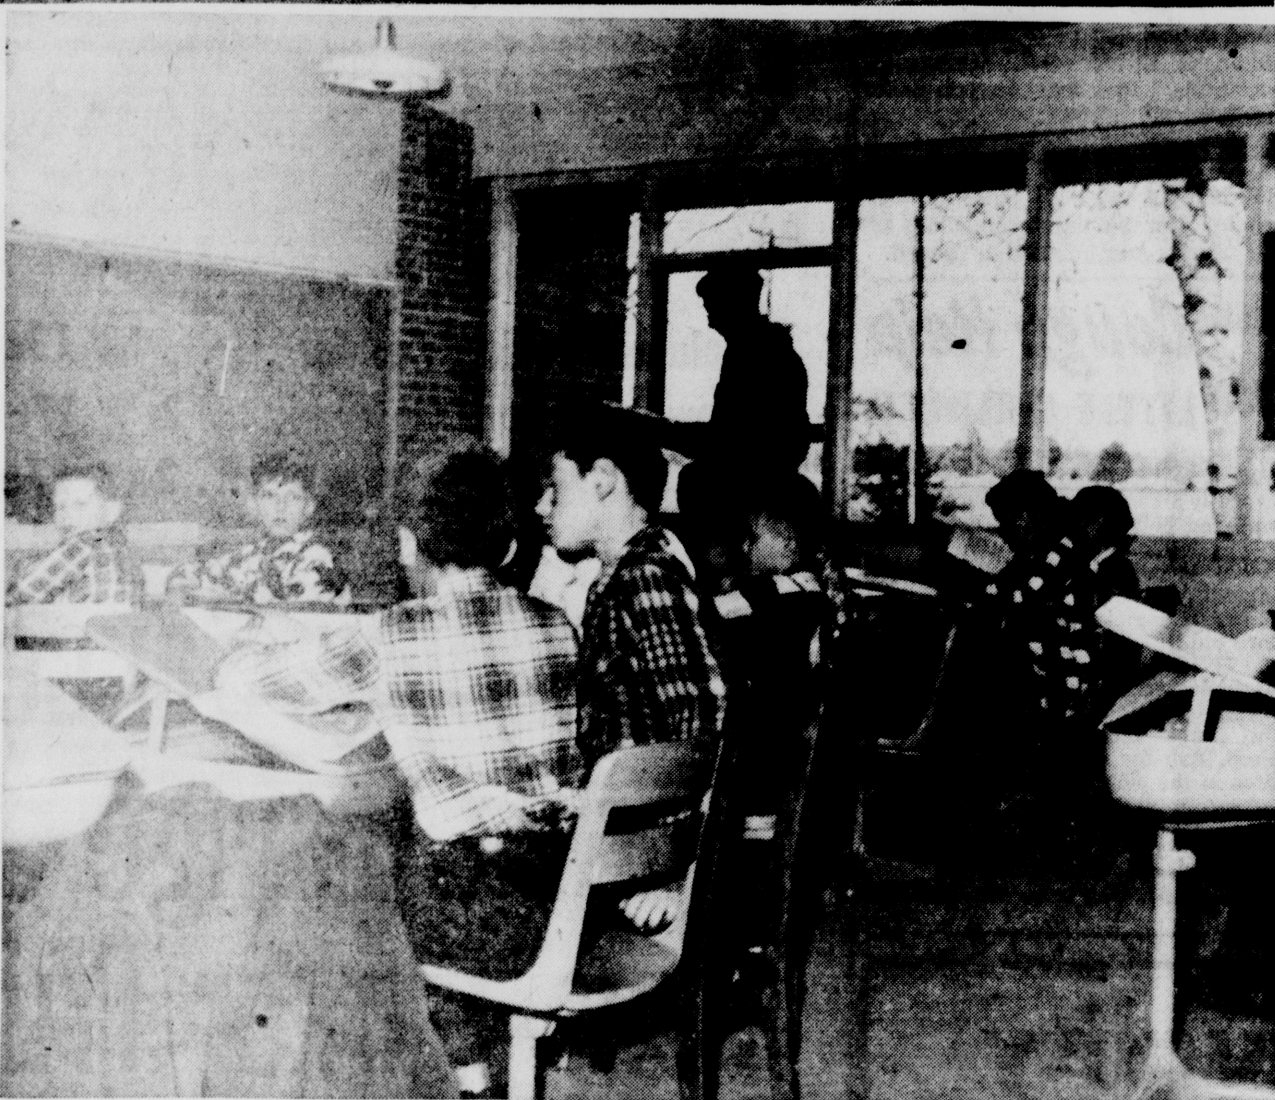

It will be able to haul 20,700 tons.

Anthony Chapekises Celebrate Their 35th Anniversary

Mr. and Mrs. Anthony Chapek, 812 Ludington St., widely known Escanaba residents, are celebrating their 35th wedding anniversary today. A family dinner and open house will mark the occasion.

Attending are members of their family, Mr. and Mrs. Fred Chapek, of Chicago, Attorney and Mrs. Nick Chapek of Escanaba, Mr. and Mrs. Nick Kolovos of Sault Ste. Marie, Mr. and Mrs. John Paige of South Bend, Ind., Pete Phivens of Sault Ste. Marie, Mr. and Mrs. Ted Chapek of Detroit, Mr. and Mrs. John Vezan, Inkster, Mich., and Jim, a student at the University of Michigan, Ann Arbor.

Also present for the festive occasion are the eight grandchildren in the family.

Mr. and Mrs. Chapek were married in Milwaukee and have made Escanaba their home since that time.

Imported Sausages Too Good For British

LONDON (AP)—The best tasting sausages Britain can remember in years were just too good to last.

The Food Ministry discovered that high quality meat was brought in from New Zealand and sold off rations to butchers who gave their sausages 15 per cent more meat content than the government standard.

The ministry felt the private imports—spurred by demand for the better-tasting sausages—would increase so much it would interfere with the government's bulk purchases of meat, the country's chief source of supply. So the ministry clamped licenses on the imports.

The Delta county sheriff's office arrested Norman Demeuse, 21, of Gladstone, Rte. 1, Saturday at 11:15 p. m. for reckless driving when he failed to stop at the intersection of county roads 1-186 and 1-24 and drove his car into the roadside park west of Rapid River.

Officers reported that the young man's car knocked down part of the park fence and a tree in the county park. Neither the driver nor his two passengers were injured.

Rosenbergs Again Denied New Trial As Team Of Spies

WASHINGTON (AP)—The Supreme Court today refused for the second time to grant a hearing to Julius and Ethel Rosenberg, the New York couple condemned to death for passing atomic secrets to Russia.

The refusal clears the way for the government to ask that an execution date be set for the husband-wife spy team.

Thus, only a commutation of their death sentence by the president could save them from going to the electric chair in New York's Sing Sing Prison.

The Supreme Court last Oct. 13 refused to review the Rosenbergs' trial. Their lawyers then asked the court to reconsider and grant them a hearing. This request was rejected in a short court order.

which conducted the 1952 program.

Prosecution Hinted

The letters, widely published in the United States, described an explosion on Nov. 1 which, to them, seemed to transcend any previous man-made detonation.

They told of a mile-wide island melting away under the blast and awful heat, of a cloud column climbing twice as high as any known conventional atomic cloud, of damage to a building 18 miles away.

In a written answer to questions which had been accumulating on his desk, Dean said:

1. Information would be limited to that contained in the formal announcement "because any amplification might give aid to potential enemies." No further announcements will be made.

2. The commission is "concerned" over the letters.

3. "Investigations are under way leading to possible disciplinary action or prosecution for violation of task force regulations or the law" in connection with the letters.

Even before Dean's disclosure of the investigation, demands were beginning to appear in congressional quarters for an inquiry.

Sen. Bricker, R-Ohio, member of the Joint Atomic Energy Committee, said he wanted to know if security had been violated.

Last night Bricker added that he had known all along that H-bomb research was included in the Eniwetok weapons test, but said he was in no position to know if an H-bomb was exploded. Bricker also contrasted the secrecy surrounding current tests with the open door policy of the 1946 Bikini atomic tests.

The Atomic Energy Act carries the stiffest of penalties for violations of security—including death, life imprisonment, 20 years imprisonment or \$20,000 fine or both.

Trophy For Doolittle

WASHINGTON (AP)—James H. Doolittle will get the annual Wright Brothers Memorial Trophy this year for his contribution to aviation, the National Aeronautic Association announced last night.

Miners Seeking Full Boost Of \$1.90 Per Day

(Continued From Page One)

week end the CIO said that wage controls might as well be abandoned. A top AFL official also demanded that certain wage controls be dropped unless changes are made.

The Wage Stabilization Board ruled Oct. 18 that anything more than \$1.50 per day added pay for the miners "would damage our national effort to halt inflation." This meant the industry couldn't pay the full increase without facing possibly heavy financial penalty.

The WSB's ruling shaving 40 cents off their pay increase touched off an immediate strike by the nearly 350,000 soft coal miners. It lasted a week until, on Oct. 26, Lewis and Moses talked with President Truman at the White House. Truman promised that Putnam would give "serious and prompt consideration" to an appeal for the full pay increase.

Dilemma for WSB

Putnam faced a real dilemma. The WSB's industry members have warned that approving the full \$1.90 raise would make a mockery of wage controls. But the WSB's labor members argued that the miners should be allowed more money in wage increases because other workers enjoy better vacation and other privileges than do the miners.

It was widely expected the miners would quit the pits again if Putnam went along with the WSB and didn't allow the full pay increase.

On the other hand, granting the full increase would almost certainly push the price of coal up again.

The Office of Price Stabilization boosted ceiling prices Friday as high as 75 cents per ton on bituminous soft coal and \$1.35 per ton on Pennsylvania anthracite hard coal.

Going Up Again

An OPS officials said if the miners win the full \$1.90 increase they want, an additional ceiling price boost of around 15 cents per ton for hard coal and 39 to 42 cents for soft coal may be expected.

The soft coal miners have been working since Oct. 27 at the \$1.50 figure—bringing their basic pay to \$17.85 per day—with assurances from the industry that when and if the government approves the remaining 40 cents per day, the miners will get that retroactively. This is the same arrangement under which about 65,000 anthracite miners are working. Beginning today, they are to get a temporary \$1.50 per day increase, on the average, and 40 cents per day more if the remainder is approved by the WSB.

Islands In Space For U. S. Defense May Be Reality

ials to the stations' site a little than 1,000 miles from earth is known, he said. It would be an enormous, three-stage rocket, similar to, but larger than one already successfully tested.

The cargo needed for the space island would be left suspended in space while rockets returned for more payloads, landing like any airplane.

Gradually the materials would be assembled in space, creating an artificial satellite in the shape of a wheel.

It would rotate on its axis and circle the earth at 16,000 miles an hour.

New President Can Change 25,000 Jobs

WASHINGTON (AP)—Robert Ramspeck, Civil Service Commission chairman, says a new president can hire and fire only about one-half of 1 per cent of all federal workers.

Ramspeck, in a recorded radio interview last night, said that this amounted to approximately 2,500 out of more than 2½ million federal employees.

However, he estimated a new administration can change between 12,000 and 25,000 jobs, apparently counting assistants and deputies not appointed directly by the president but by officials under him.

Women Of Church Meet Thursday

The Women of the Church will meet in St. Stephen's Guild Hall Thursday Nov. 20, at 7:45 p. m. The program will be a presentation of the altar work by members of St. Catherine's Guild. Mrs. Carl R. Wickman is chairman of the hostess committee.

Eisenhower Talks With Truman To Weld Peace Unity

bers dealing with foreign and security problems—State, Defense and Treasury—within two weeks and get them to work with presidential officials to "learn the ropes."

3. The administration is expected to tell Eisenhower and his advisers that a statement by him on the Korean situation, endorsing the present policy of insisting on voluntary repatriation of prisoners of war in any armistice agreement, would greatly strengthen current dealings at the U. N. General Assembly.

4. Eisenhower will be given a chance to express his views on foreign policy and asked for comments on administration intentions as they are explained to him. Highly placed officials said Truman will take Eisenhower's views into consideration in making decisions between now and Jan. 20.

Holiday In Capital

According to present plans, Truman and Eisenhower will hold two White House meetings. They will meet first and briefly in private.

From the private session they plan to go immediately to the Cabinet Room and join a second and larger session with their advisers.

Washington, meanwhile, was planning a rousing welcome for Eisenhower, due here about 1:20 p. m. by plane from Augusta, Ga.

Republicans scheduled a mammoth parade from Lincoln Memorial down Constitution Avenue past the Washington Monument, then back out Pennsylvania Avenue to the White House.

The President has ordered government agencies to let workers off so they may participate in the reception.

Millions over the nation will see the historic event by television. Full-scale coverage is planned by all four networks, which have set up a pool arrangement designed to picture every phase from the plane's landing at National Airport to the climactic arrival at the White House.

Reds And Rowdies Cash In On 8,000 Airmen At Oxford

(Continued From Page One)

A weekend visitor to Oxford finds American airmen by the hundreds crowding the city's main streets, cinemas, restaurants, bars and dancehalls.

So do the girls—many hardened prostitutes from out of town, others local girls out for a good time. Scores of the girls are in their early teens. To Americans out for a good time, it's easy to get a girl. Often, there's a bit of free and easy necking under a street lamp or in a doorway. This shocks some of Oxford's older citizens.

Gangs of young toughs, or "spivs," many dressed in American-style "zoot" suits, sometimes roam the streets looking for trouble.

Occasional Pub Fight

Occasionally, there's a barroom fight, a quarrel over a girl or a drunken argument involving Americans and Britons, but most of these are of minor nature.

To Oxford's small but active Communist cell, it's open season for stirring up anti-American feeling among local British inhabitants.

Ernie Keeling, veteran Communist party organizer for the South Midland district of England, harangues workers at Oxford's big motor works and steel plant. He says, "The Yanks have turned Oxford into a city of shame."

Some of the workers listen. But the majority of Oxford citizens don't blame the Americans so much.

They know that Oxford has always had its seamy side, even in Edwardian days.

And the Americans are not blamed directly for the fact that Oxford's rate of illegitimate births last year was seven out of every 100 babies, nearly double the national average. The rate has grown since 1950.

Alderman Blames Girls

City Alderman E. W. B. Gill, bursar of Oxford's Merton College, told a reporter: "It's no use saying—as some people do—that American servicemen are to blame. Half the trouble is these confounded girls."

A woman welfare officer said: "I think the girls are mostly to blame, and in some cases their mothers encourage them. The mothers can't forget that during the war many English girls got good American husbands."

But she thinks part of the trouble is that "so many of these young American visitors are mothers' darlings. Americans spoil their boys, and when they are left on their own in a strange country, they take naturally to 'womanizing.'"

Youth Fellowship Institute Will Be Held At Ishpeming

The Youth Fellowships of the Methodist churches of the Marquette District will meet in First Methodist Church, Ishpeming, Thursday, Friday, and Saturday, Nov. 20-21-22, for their seventh annual Mid-Winter Institute. Several hundred young people are expected to attend the institute from all across the Upper Peninsula, and from the Escanaba and Gladstone area, a number of institute leaders, as well as youth will attend.

Miss Marlene Seidl of First Methodist Church, Escanaba, is the district youth treasurer. Acting as resource leaders for discussion groups on Youth-Parent considerations will be Mr. and Mrs. Walter Cameron and the Rev. Meldon Crawford of the Gladstone Methodist Church, and the Rev. Eskil Fredrickson of Trinity Methodist Church, Iron Mountain. The Rev. Edgar A. Smith of the Manistique Methodist Church will be one of the resource leaders for the discussion on "Christian Social Attitudes."

The eighty Methodist churches in the Upper Peninsula, comprising the Marquette District have more than 1500 young people in them, and the district youth officers are representative of all of them, and thus come from all corners of the district. The officers are as follows:

President, Vivian Johnson, Wesley Church, Ironwood.

Vice-president, Chuck Wilson, Grace Church, Marquette.

Secretary, Phyllis Saxman, Central Church, Sault Ste. Marie.

Treasurer, Marlene Seidl, First Church, Escanaba.

Worship chairman, Tom Roberts, Wesley Church, Ironwood.

Mission chairman, Dottie Crase, St. Paul's Church, Rockland.

Community service, Jack Cowling, First Church, Iron Mountain.

Arrangements Complete

Recreation chairman, Dick Welch, Central Church, Sault Ste. Marie.

These young people along with the religious education field worker, Rev. Harold W. Diehl, pastor of the Hancock Methodist Church, have planned the institute and completed all arrangements for its success.

Several of the speakers and leaders come from down state and have responsible positions in the youth work of the Detroit Conference. The Detroit Conference youth president, Jim Snell of Adrian College, and the chairman of the Conference youth evangelism commission, Miss Margaret Fleischmann of Detroit, will attend the institute and assist the youth in planning their year's work. The key-note address will be given by James Ragland, Detroit Conference youth director and manager of the Lake Huron Methodist Youth Camp, who will speak on "Christ Above All." The Rev. G. MacDonald Jones, pastor of the Utica Methodist Church, will preach on the topic, "Life, as Jesus Saw It was Going Up." Mr. Jones is a frequent speaker at youth assemblies and camps.

Walter Gries of the Cleveland Cliffs Mining Company will address the entire group on the topic, "Christian Social Attitudes," a presentation of modern day living from a layman's view point. Other emphases which will be presented and discussed by the youth will include: "Steps to a better Methodist Youth Fellowship," "Youth and Family Considerations, for Parents Are Humans Too," and a "world friendship banquet" on Friday night.

Banquet Program

The banquet program has been planned by the district mission chairman, Dottie Crase, with the assistance of Mrs. Clyde Sorenson, district W. S. C. S. youth secretary. Several foreign students from Northern Michigan College of Education and from the Michigan College of Mining and Technology will speak on "Youth in My Country" as the "Youth of the World Speak."

The Sacrament of Holy Communion administered under the guidance of the Rev. William Mertz of Wesley Methodist Church, Ironwood, will bring to a high climax the institute. The Rev. Chester Stockinger, pastor of First Methodist Church, Ishpeming, host pastor, the members of the Woman's Society, and Miss Carol Argall, local registrar, are all working to complete the housing and feeding arrangements of the young people of the district.

Parsley, celery leaves, and a sprig of thyme, make a good combination of seasonings to use for a lamb stew! You may add a whole clove, if you like.

Installation Of Chapter Officers Saturday Night

Installation of officers of R. C. Hatheway Chapter 49, Order of the Eastern Star, was held at impressive and beautifully staged ceremonies Saturday evening at the Masonic Temple attended by 150 Eastern Stars and Masons and their friends.

Installing officers were Mrs. Fred Fisher, matron, Mrs. Henry Williams, marshal, Mrs. Briton W. Hall, chaplain and Mrs. Louis Amundsen, organist.

The officers were gowned in traditional white for the ceremonies. Each carried a rose and these were gathered by Mrs. Edward Erickson and presented to the incoming worthy matron, Mrs. Floyd Anutta, as a gift of her officers. Mrs. Anutta was escorted to the East by her husband.

Soloists were Mrs. Amundsen, vocalist, and Isadore Stein, violinist, with Mrs. A. J. Mallmann, accompanist. Lights were dimmed during an effective star tableau during which Mrs. Amundsen sang "Star of the East."

The past matron's jewel was presented to Mrs. Thomas McMeek, retiring matron.

Refreshments with the table attractively decorated were served during the social hour following the installation. Mrs. Joseph Rouse and Mrs. Henry G. Olson poured.

Official Opening Of Christmas Seal Campaign Today

The 1952 Christmas seal campaign, sponsored by the Michigan Tuberculosis Association opened officially today at the attractive seals with their double cross and old fashioned candle design went into the mail.

Mrs. Earle B. Harris is chairman of the sale which is conducted here by the Public Health committee of the Escanaba Woman's Club of which Mrs. K. F. Harrington is chairman and Mrs. E. G. Bennett, treasurer. Associate committee members include the Mesdames Harry Reynolds, R. B. Mitchell, Russell Owen, Emil Zitner, George Marcouiller, E. G. Harkins, C. B. Farrell, William C. Harrison, C. Arthur Anderson, C. J. Driscoll, A. S. Ley, John Luecke, Robert McCormick, Mary E. Bowe and Paul Wohlen and Miss Delight Mashek.

Opening Day Statement

Voicing the hope that a generous response will meet this year's drive the Michigan Association has issued the following opening day statement: "The hopes, ambitions, indeed the lives, of scores of Delta people are at stake. These are the unsuspected. They have active tuberculosis—without knowing it. They are one of the chief reasons the Michigan Tuberculosis Association seeks your support."

"A half-century ago, when tuberculosis killed most of its victims this was largely a fight against death. Today, tuberculosis deaths still represent a staggering loss. But the past 45 years have given us weapons to prevent the spread of tuberculosis and to defy death from this disease. With support for tuberculosis control programs, the shadow of tuberculosis can be lifted from many Delta homes. With your support for the 1952 tuberculosis Christmas Seal Sale, Delta County can look to more protection from tuberculosis for the living in 1953."

Facts of TB

"Christmas Seal purchases will help bring facts about TB to young and old; find cases of tuberculosis in early stages, before the disease has made grave inroads, promote acceptance of sanatorium treatment by those who have tuberculosis."

AS WE LIVE

Teenager Should Learn To Handle Her Own Money

By Elizabeth B. Hurlock, Ph.D.

When a teenager goes to work during vacations, what should she do with her earnings? Should she hand them over to her parents, keep them to do with as she wishes, or share them with her family? That is the problem facing this 17-year-old girl:

(Q) "I have worked at summer and Christmas jobs since I was 14. I have always felt that the amount I gave to my family should be in proportion to my earnings. When I earned \$35 a week last summer, I thought \$10 was enough to give in. My mother thinks I should give her all I earn and then ask her for the money I need. Some of it goes to furnishing the house and some to food. None is put in a savings account for me and I don't think this is fair. I know my parents are trying to keep me from saving more than a dollar a week so I won't get too independent. They have told me so. I do want that feeling of independence and what they are doing is killing my incentive to work."

(A) Get this matter straightened out with your parents at once. Surely they must realize that a girl of 17 is old enough to learn how to handle her money carefully. If she makes foolish expenditures, then her parents can point them out to her. A person is far less likely to spend foolishly the money she earns than the money given to her.

As for independence, you should be growing more and more independent every year. It won't be long now before you are an adult and, as such, you must be ready to manage your own affairs without

Slate Career Day December 9

Career Day at Manistique high school will be held on Tuesday, Dec. 9, it is announced by Carl Olson, principal.

Dr. Wilbur D. West, director of counseling and guidance at Northern Michigan College of Education, Marquette, will deliver the keynote address of the career program.

Three occupational study programs have been arranged for the day, with an assortment of vocations scheduled for discussion at each program.

Students will attend group meetings on the basis of occupational preference, and it is expected that adult discussion leaders from various vocations will be present to speak to student groups and discuss advantages and disadvantages of various jobs.

The Career Day study program follows:

10 a. m. group — agriculture (landscape, florist, zoo worker, horse training, veterinarian); auto to mechanic; beauty operator (beautician, barber, hair stylist); boats on Great Lakes; decorating (interior, stores, others); electricians; engineering (civil, chemical, industrial, aviation); gas station attendant; lawyer, attorney; military service (navy, army, coast guard, WAC, DAVE); secretary (stenography, typist, stenotype); social work.

1 p. m. group — banking, cashier; business administration (accountant, bookkeeping, clerical work, collector, office machines, comptometry); coaching; college; detective work (police, trooper); drafting (architecture, contractor, blueprint reading); government employment; nurse; receptionist; sewing (tailor, design); theatrical (modeling, drama, dancing); truck driving.

2 p. m. group — airline hostess; conservation (officer, forestry, lumbering); home making, baby sitting; medicine (doctor, druggist, medical, physician, medical technician); musician; newspaper (journalism, printer); photography, art; radio announcer (radio, television); restaurant, waitress; skilled trades (welding, tool and die, carpenter, brick laying, pattern maker, watch repair, mason, plumber, sheet metal); switchboard, telephones; teaching (nursery, kindergarten, elementary, high school, librarian).

Back Cover Of Inland News Has Picture Of Bill Buzzo, Gulliver

The October issue of Inland News, published by the Inland Steel Company, 38 S. Dearborn St., Chicago, has its entire back cover devoted to a picture of 12-year-old Bill Buzzo, of Gulliver, and his prize-winning Brown Swiss heifer.

The picture was taken by Vern Linderth, of Manistique. The capture under the picture follows:

"Like many members of the younger generation, 12-year-old William (Bill) Buzzo can show very easily that he's not 'going to the dogs'. His interests run to raising pure bred livestock like the Brown Swiss heifer calf he holds above.

"Young Bill raised and cared for the calf almost from infancy, and this fall he entered it in the highly competitive 4-H club judging at the Upper Peninsula State Fair in Escanaba, Mich. The calf took first honors in its division, and Bill felt more than rewarded for the long hours he spent caring for it.

"Bill's father, Wesley, works at Inland Lime and Stone. As an active 4-H club member in Schoolcraft County, this youngster has helped show what young America is capable of doing."

New Biographies Added To Shelves At Local Library

The following new biographical books are now available at the Manistique public library, it is announced:

Louis Braille, by J. Alvin Kugel-mass, is the first and only biography of the blind genius whose work has had such important and lasting value. The sub-title is appropriately called Windows for the Blind.

Tom Galt's **Peter Zenger, Fighter for Freedom**, is the story of America's first great fight for freedom of the press. It is also the story of New York's most famous printer.

City Neighbor, the story of Jane Adams, by Clara Ingram Judson, is an interesting and very human story of Jane Addams, who is well-known for her work at Hull House, the first neighborhood house in this country.

Prophet In The Wilderness, the story of Albert Schweitzer, by Hermann Hagedorn, is based on extensive research and is told with vividness and sympathy. It is the story of an intellectual giant—a man who gave his life to the immediate service of mankind as a jungle doctor in Africa, one of the greatest organizers of Europe and the foremost authority on Bach.

Main Street Merchant, by Norman Beasley, is a dramatic and human story of James Cash Penney, who, following the "Golden Rule" in business, started the largest retail department store chain in the world.

Lead, Kindly Light, by Vincent Sheean, demonstrates that Gandhi's life, work and teaching were for the whole world as well as for India. It is suggested that the terrifying weapon of non-violence, having freed India, might be about to free the world.

The Private Papers of Senator Vandenberg is the Senator's own frank and informal record of the great years of his career. The story begins with the Japanese attack on Pearl Harbor—the day "that ended isolationism for any realist"—and continues to the Senator's death in April, 1951.

Crusade In Europe, by Dwight D. Eisenhower, is the complete story of World War II as this important military figure planned it and lived it—the strategy, the battles, and the moments of fateful decision.

Marie Antoinette, by Marguerite Vance, is the story of the daughter of an Empress, to whom majesty came too late but who by her childlike grasping for happiness at any cost has fired the imagination and inspired the (sometimes reluctant) admiration of readers for generations.

Mr. President, by William Hillman, is historic and it is candid. It presents the life and thinking of the President, while still in office. This personal revelation contains exclusive photographs by Alfred Wagg, 82 of which are in full color.

For Heaven's Sake, by Hannah Smith, is the story of the daughter of a "True Believer" minister and it represents the small religious sects which have flourished locally or regionally at various times and in many places, north, east, south and west. It is a rare, heart-warming, smiling book.

Keep Your Head Up, Mr. Putnam, by Peter Putnam, is the story of a young man's comeback from near death and sudden blindness. It is a thoughtful revealing story of personal experience that has more than ordinary significance.

David Ewen's Story of Arturo Toscanini is a rich and vibrant portrait of the man whose love of and devotion to music has never wavered, even when it meant voluntary exile from his native Italy.

New Trial Assured

WASHINGTON (P)—The Justice Department plans a new trial for Denis Delaney, former Massachusetts internal revenue collector whose conviction on bribery charges was set aside by a U. S. Appeals Court. A spokesman for Atty. Gen. McGranery said the Appeals Court decision "left the door open" for a retrial. He said the charges will be the same and no date has yet been set for the trial "sometime next year."

BLOOD GIFT HONORED—Warden Garrett Heyns (right) holds an award from the national Red Cross given in honor of the 2,726 pints of blood donated by Michigan Reformatory inmates during five blood donor clinics since June of 1952. The award was presented by the Rev. George Rentschler (left) and Mrs. Howard Strachan (center). The citation from the Red Cross stated the mark achieved by the inmates was one of the highest in the United States from any institution. A clinic set for December is expected to boost the Michigan reformatory total even higher. The highest clinic total was in August of 1952, when 669 inmates each donated a pint of blood. (AP Photo)

THOSE IN UNIFORM

FORT RICHARDSON, Alaska—Pvt. Walter B. Burns, whose parents, Mr. and Mrs. Walter Burns, live in Germfak, Mich., is serving at Fort Richardson, the largest Army installation in Alaska.

Troops based at Fort Richardson are part of the security force along the northern frontier.

Although the climate of southern Alaska is relatively mild, Fort Richardson units receive thorough winter training.

Private Burns entered the Army in May 1952.

PIRATE-HUNT PLANNED

MANILA (P)—The British and the Philippines have agreed to work together in an attempt to stamp out smuggling and piracy in the seas around British North Borneo.

The modern-day pirates ply the seas between the Philippines and Borneo in native wooden craft equipped with modern, high-powered engines.

City Briefs

Mrs. Lorraine Cullen has returned to her home in Chicago after spending several months here with her mother, Mrs. Ian B. Winn, 212 Maple Ave.

Mrs. Alvin Nelson and son, Joseph, 324 Range St., spent the weekend visiting relatives in Ithaca and attending the Michigan State-Notre Dame football game in Lansing.

Mrs. Cameron Anderson and daughter, Marilyn, of Madison, Wis., have left for their home after spending the past two weeks visiting here with her parents, Mr. and Mrs. Peter Wicklund, Alger Ave.

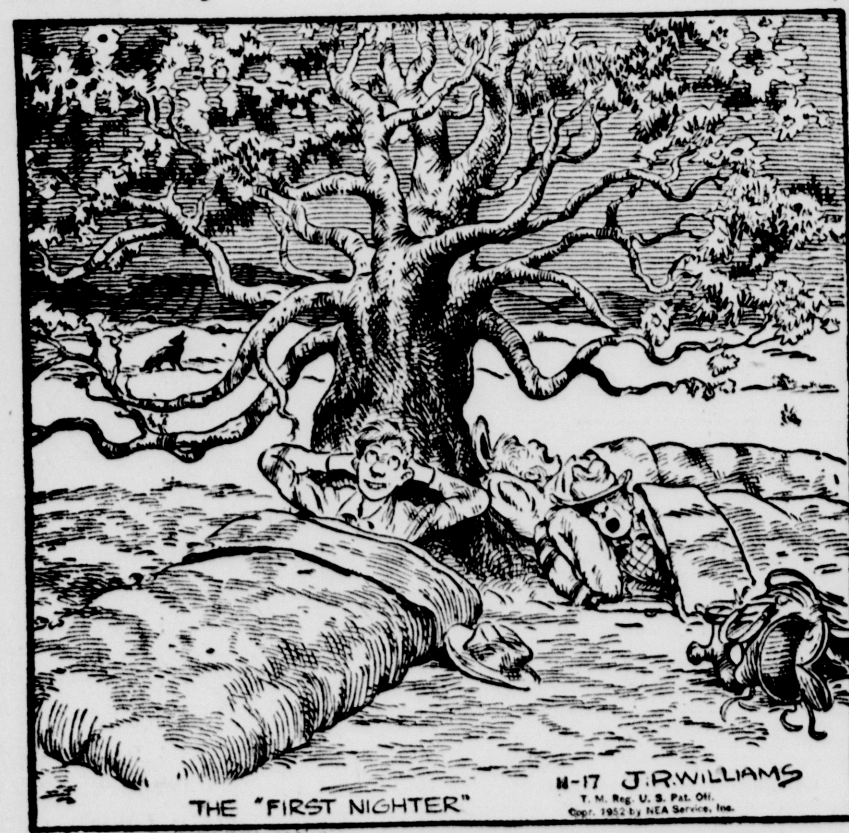

Food Prices Remain Steady During Week

WASHINGTON (P)—Wholesale food prices, after a four-week decline, held steady during the week ended last Tuesday, the government says.

The Bureau of Labor Statistics reported yesterday that farm products dropped four-tenths of 1 percent, while fresh vegetables, live poultry, eggs and meats went up. The bureau's index stood at 110 per cent of the 1947-49 average, the same figure recorded this previous week.

Ernest Hemingway Fished Near Seney During His Youth

Ernest Hemingway, recognized today as one of the world's greatest living writers, was a trout fisherman in northern Schoolcraft and Luce counties during his youth, long before he became famous.

An anthology of short stories by Alexander Woolcott, now in circulation at the Manistique public library, contains one of Hemingway's first stories, "Bib Two-Hearted River", which tells of a trout fishing expedition into the Seney country back 30 or 40 years ago while Hemingway was living in Oak Park, Ill.

The story was first published in Paris in 1925. According to Woolcott Hemingway wrote the story while he was still "groping his way under the influence of Gertrude Stein—an influence which has visibly affected all his writing to this day."

In penning his Afterword on Hemingway's fishing story, Woolcott reveals a sad lack of Michigan geographical knowledge, placing the Seney and Big Two-Hearted River area in the Saginaw country.

It is interesting to note that Hemingway, whose stories and novels have run the gamut of life and death across the globe, began his literary career with a story on fishing. In his latest book, "The Old Man and the Sea", Hemingway apparently returns to his first literary love, the life of a fisherman.

The glittering Hemingway literary style shines through the opening paragraph of his Seney fishing story:

"The train went on up the track out of sight, around one of the hills of burnt timber. Nick sat down on the bundle of canvas and bedding the baggage man had pitched out of the door of the baggage car. There was no town, nothing but the rails and the burned-over country. The thirteen saloons that had lined the one street of Seney had not left a trace. The foundations of the Mansion House hotel stuck up above the ground. The stone was chipped and split by the fire. It was all that was left of the town of Seney. Even the surface had been burned off the ground."

The American Bar Association was founded in 1878.

His Lansing Eastern grid team won only two starts this season, his first at the helm, but we understand that ex-Newberry mentor Morley Frazer has it made. In their last start Lansing Eastern griders faced their most bitter foes from Lansing Sexton. In spite of an underdog rating and a record of only one win in six starts, Lansing Eastern came out with a two-touchdown margin victory. That was enough for Eastern fans who have been starved for football victories for a long time. Frazer was working with almost all juniors and sophomores this season.

See where Florian Helinski, former high school star from Hurley, started at quarterback for Indiana against Wisconsin Saturday afternoon. We can't recall any year in the past when so many players from these parts have seen action on big-time college football teams. There are at least a dozen former Upper Peninsula players currently making the college gridiron grade.

It was sweet revenge for the Green Bay Packers in yesterday's win over the New York Giants. It was in 1948 that the Giants handed the Packers their worst defeat in history—by 46 points. In that game Green Bay scored only three points, same as the Giants yesterday. The Packers appear to be regaining the spirit that has made them famous throughout the country in years past. Incidentally, the Giants are the toughest defensive team in the business, having allowed their first seven foes only 80 points—only 11.4 per battle—until they tangled with Green Bay yesterday.

When the Detroit Tigers finally got around to signing an Upper Peninsula boy to a baseball contract they reached up into the northernmost portion of the U. P. to do it. The Tigers landed a big 17-year-old pitching prospect in George Brunet of Keweenaw county after a tryout at Briggs Stadium. He's a 6-1, 182-pound American Legion Junior baseball graduate. The Tigers gave him a \$500 bonus and assigned him to Jamestown, Pa., a Class D team.

Scent Of Roses Strong After Michigan Trips Boilermakers By 21-10

ANN ARBOR (AP)—Rose Bowl dreams, which faded two weeks ago before the explosive attack of fired-up Illinois, returned to the Michigan campus today in the wake of the Wolverines' decisive 21-10 victory over eastwile Big Ten leader Purdue.

The victory left Michigan with a 4-1 record in the Big Ten, tied with co-leader Wisconsin going in to the final game with unpredictable Ohio State at Columbus, O., Saturday. Purdue suffered its first defeat in conference play against a tie and three victories.

Coming up to the showdown battle with the Buckeyes, this much appeared evident:

Tough At Peak

1. At its peak, Michigan is a formidable club. Its defensive unit, including the much-maligned pass defense corps, is far from easy to penetrate. The offensive team boasts enough balance to make impractical opposition plans to stop any single player.

Football Stars

Tommy O'Connell, Illinois—Completed 19 of 35 passes for 254 yards to set Big Ten record for total yardage gained in season, 1,150. Illinois lost to Ohio State, 27-7.

Don McAuliffe, Michigan State—Scored two touchdowns in 21-3 victory over Notre Dame.

Dick Tamburo, Michigan State—Recovered three of seven Notre Dame fumbles, two of which went for touchdowns.

Joe Collier, Northwestern—Intercepted six Iowa passes in losing, 39-14, for conference record of 33 interceptions for year.

Burt Britzmann, Iowa—Replacing injured Paul Kemp, he scored one touchdown and passed for two others in 39-14 rout of Northwestern.

Alan Ameche, Wisconsin—Scored three touchdowns in 37-14 triumph over Indiana.

Jim Frank Gibson, Duke University's 1951 football captain is currently enrolled in the Duke Medical School.

Sports Roundup

By WILL GRIMSLEY

NEW YORK (AP)—Monday's football work, but the ironing was done on Saturday.

That was the day it was proved it takes all sorts of things to win football games—21 mph winds, fumbles that aren't accidents and players the coaches didn't know they had.

Speaking of the latter—At Army, Bill Purdie is better known as a sprinter and hurdler on the track team. As for football, until three weeks ago he was just a member of the junior varsity. Saturday fullback Bill scored the touchdown in the last 44 seconds to give Army a 14-13 upset victory over Penn.

At Southern Methodist, Sam Stollenwerk has been nothing more than the No. 3 tailback all year with conversion kicking his main forte. Thrown into the tailback breach against Arkansas, the halfpint field general gained 209 yards, scored three touchdowns, kicked three conversions and led SMU to a 27-17 triumph.

At Iowa, sore-shouldered Burt Britzmann got his chance only when quarterback Paul Kemp broke his leg in the second quar-

ter of the Northwestern game. Burt proceeded to score one touchdown, pass for two others and lead his mates to a 39-14 upset rout of the Wildcats.

The 21-mile-an-hour wind blew up at Fort Worth and, indirectly, cost fired up Texas Christian another of its many upset triumphs over a favored Texas team. With TCU leading 7-0 in the last half, Ray McKown of TCU had one of his punts caught in the stiff wind, practically blocked by Texas guard Marvin Leath, and converted into the first of two touchdowns which gave the Longhorns a close—squeak 14-7 triumph.

The much-maligned fumble is no longer an accident or a break, it seems, but a purposeful offensive weapon which coaches are now using to pull out victories.

"We tackled him a lot more than ever before, hoping to dislodge the ball," said Michigan State's coach Biggie Munn after the Spartans had beaten Notre Dame, 21-3. The Spartans dislodged the ball from Irish hands and recovered the loose ball seven times, two of these recoveries leading to touchdowns.

Packers Beat Giants; Hold Championship Key

NEW YORK (AP)—The Green Bay Packers likely will determine who is the 1952 champion of the national conference of the National Football League—and it may be the Packers themselves.

If Green Bay wins all of its remaining games, the club would end in a three-way tie for the conference leadership with Detroit and San Francisco—if the latter

Muskegon And Benton Harbor Tie For Title

MUSKEGON (AP)—Muskegon and Benton Harbor today shared co-champion laurels in the Southwestern conference which disbands this season after 23 years activity.

Muskegon capitalized on three touchdown passes from Harry Voss to Lee David yesterday to take Muskegon Heights 21-7 before 9,400 fans.

Both Muskegon and Benton Harbor wound up with 3-1 conference records.

The conference disbanded because some teams felt the competition was too hard for the smaller schools to match.

Four Major Colleges Head Undefeated List

NEW YORK (AP)—Four major colleges—Georgia Tech, Michigan State, Southern California and UCLA—head the list of 21 unbeaten and untied teams today.

The weekend's action dropped two more from the dwindling list when Maryland took a beating from Mississippi and Iowa Wesleyan was downed by Buena Vista.

Ten of the teams have completed their seasons including Peru, Neb., Teachers, which heads the nation with 10 victories. Georgia Tech has nine, while Michigan State, Southern California and UCLA each have eight.

two clubs won all their games, except the one each they have with Green Bay. That would call for a three-way playoff.

Hold Title Key
If the Packers were to beat one and lose to the other, their conquerors likely would end up on top.

By the surprising 17-3 victory Sunday over the New York Giants, the Packers boosted their conference standing to 5-3 and are right behind the Lions and 49ers, tied for first with 6-2 marks. It was Green Bay's third win in a row.

Green Bay knocked the Giants out of a tie with the Cleveland Browns for leadership of the NFL's American conference. The Packers also became the first team this season to keep the Giants from scoring a touchdown. A crowd of 26,723 at the Polo

Lions Thump Dallas 43-13 To Remain Tied For First

DETROIT (AP)—The Detroit Lions may have to play the San Francisco 49ers again—with the championship of the National Football League's western division at stake.

Strangely enough, the Lions—who stayed in a first-place tie with the 49ers by thumping the homeless Dallas Texans 43-13 here yesterday—wouldn't mind another game with the 49ers.

The Lions are still ranked by the two defeats the 49ers—only team to beat Detroit this season—handed out.

They aren't scheduled to meet again. But in event of a two-way tie they would play Dec. 21 for the right to tackle the eastern division champion for the NFL title.

Long Passes
Quarterback Bobby Layne scored from the eight in the second period and minutes later pegged a 55-yard touchdown pass to end Cloyce Box who had outdistanced the defense and who took the ball over his shoulder.

Harder bottled his second field goal, from 26 yards, and end Sherwin Gandee tackled Frank Tripucka in the end zone for a safety in the second period. Ollie Cline Harder's substitute at fullback, rammed across from two yards out in the fourth quarter.

The Lions failed to score in the third period while the Texans were getting two. Frank Tripucka passed 12 yards to Ray Pelfrey and Zolite Toth skirled right end for three yards for the touchdown.

Tamburo, Linebacker, Star In Spartan Win

EAST LANSING (AP)—"Our best football player," is the flat estimate Michigan State line coach Hugh (Duffy) Daugherty makes of Dick Tamburo, his burly linebacker and defensive captain.

"Some kid brother," agrees big brother Sam Tamburo, a 1948 star end at Penn State.

After Michigan State's 21-3 victory Notre Dame Saturday, the six-foot-one, 210-pound "kid brother" was awarded the game ball.

Got Seven Fumbles
Everyone agreed this was only simple justice since Tamburo's defensive ball hawks grabbed seven Notre Dame fumbles and seven times handed the ball on the Spartan offense.

After looking over the record of Notre Dame's tendency to bobble, Coach Biggie Munn had ordered his defense to tackle high and hard to encourage the tendency.

Three of the recoveries were made by Tamburo personally. His first allowed Capt. Don McAuliffe to score and overcome a 3-0 Notre Dame lead gained on a field goal.

McAuliffe, who busted over twice from the one-yard line, also got his second chance through courtesy of Tamburo & Co. Evan Sionac, who scored after a 24-yard dash, was put in position by a defensive pass interception.

Smells The Ball
"Tamburo just seems to smell where the ball is going," Daugherty said. "Then he gets there and

Nahma Wins Opener Over Grand Marais For 22nd Straight

GRAND MARAIS—The Nahma Arrows, state Class E cage champions, extended their victory streak to 22 games here Saturday night by beating Grand Marais 67-49 in the season's opener for both teams.

Coach Harold "Babe" Anderson's Arrows took an 18-12 lead in the first period and extended it to the end. The Arrows, who went unbeaten through 17 regular season games and four tournament tests last year, are working with only one returning regular, Wendell Roddy, senior forward, contributed 20 points in the win over Grand Marais.

Other lettermen on the team are Harold Hebert, Donald Groleau, Duane Popour are Laverne Cayemberg. Groleau paced Nahma Saturday night with 21 points.

Big test for the defending champions will come Tuesday night when the Arrows tangle with a veteran team at Cooks.

In addition to his four lettermen, Coach Anderson is counting on service from James Popour, Ronald Groleau and Francis Pelletier.

Working on the reserve squad are Eddie Bernier, James Bradley, Bernard Newhouse, Willard Clement, Bruce Olson, Richard Pelletier, Aaron Sanford, Robert Siogren, Elmer Seymour and Wesley Turan.

Officials Saturday were Pete and Dick Berger of Manistique.

Cotton, Sugar Bowl Foes Already Set

Final Bowl Bids On Tap

By ED CORRIGAN

NEW YORK (AP)—All the hopes and disappointments, fumbles and fancy plays, surprises and expectations come to an end for most of the college football teams this week with traditional—and important—games scheduled around the country.

With two of the major bowls—the Cotton and Sugar—already set for their New Year's Day games, attention will be focused on the outfits that have a chance to go to the other big ones—the Rose and Orange.

The Western representative of the Rose Bowl will be decided before a crowd of about 100,000 in Los Angeles when two of the most powerful eleven in the nation, UCLA and Southern California, come to grips.

Both are undefeated and untied and have smothered all opposition with their near-impenetrable defenses. Against a total of 16 opponents they have given up just 67 points, or about four a game. There's no doubt that it will be a low-scoring game, but the question is: Which can score? Possibly one touchdown will settle it.

Nearly Equal

Most observers rate the pair about equal on defense, but give UCLA a slight offensive edge.

Winning Hawks Draw Old Fans

(By The Associated Press)

The Chicago Blackhawks are proving that the best way to pack the house is to place a winning team on the ice.

Once again the Hawks rank with the best in the National Hockey League—and once again the Chicago Stadium, morgue-like past six years, is ringing with cheers.

The Hawks moved back into the driver's seat in the tight race Sunday night by turning back the Montreal Canadiens, 4-1.

Scotty Bodnar tallied during the first minute of play and the Hawks were never headed. Fred Hucul counted in the second period and after Bernie Geoffrion netted for Montreal, Pete Conacher and Cal Gardner scored in the final to wrap it up for the hot Chicagoans.

The defeat dumped the Canadiens into third place behind the Toronto Maple Leafs. The Leafs, only one point back of Chicago and one in front of Montreal, trounced the tail-end New York Rangers, 6-3.

The Detroit Red Wings spoiled the 25th anniversary of Boston's home opener by downing the Bruins, 5-2.

Native Dancer, unbeaten 2-year old turf champion of 1952, will be rested until next spring.

Mississippi Gets Bowl Bid After 21-14 Upset Victory Over Maryland

By JAMES SAGGUS

NEW ORLEANS (AP)—Mississippi blended a newspaper clipping, a shattering defensive line and Jimmy Lear's deadly passes into a football explosion that ripped mighty Maryland, 21-14, and lured a Sugar Bowl bid with Georgia Tech.

Ole Miss pushed 461 yards over and through unbeaten Maryland's defense, tops in the nation until Mississippi's whirlwind attack wilted it Saturday.

Sports Briefs

DETROIT (AP)—St. Mary of Redford won the Detroit parochial school football championship last night, defeating Detroit St. Anthony, 27-20. St. Mary will meet the public school champion, University of Detroit high, in the annual Goodfellow game at Briggs Stadium Friday night.

EAST LANSING (AP)—Michigan State's Spartans not only are "unofficial" champions of the Big Ten they also are collegiate champions of Indiana.

In their undefeated sweep this season, the Spartans have whipped Notre Dame, of South Bend, Ind., 21-3; Purdue, of LaFayette, Ind., 14-7; and the University of Indiana of Bloomington, 41-14.

FLINT (AP)—A slim margin of three pins gave Detroit's E & B bowling team a title in the Michigan match-game elimination tournament today. E & B edged Detroit Pfeiffer 8,875 to 8,872 in an 18-game weekend series here.

Don McAuliffe, Michigan State's football captain, scored the opening touchdowns of the 1951 season against Oregon State. He also scored the first six-pointer this season in the opener against Michigan.

based mainly on the superb passing arm of Paul Cameron.

This will be the national television Game of the Week, and for the third straight week the NCAA has come up with a good one after most of the early season offerings turned out to be busts.

As for the other half of the Rose Bowl, the Big Ten championship remains very much up in the air. Michigan and Wisconsin are tied for the lead. This week, the Wolverines have the tougher assignment, facing Ohio State while Wisconsin goes up against Minnesota.

If either loses, the survivor gets the title and goes to the Rose Bowl. If both win, they'll wind up in a tie and a conference committee will choose the bowl team.

The Orange Bowl promoters, who are sitting back biding their time, will have their eyes on Alabama, Syracuse and Pitt, the three major possibilities.

Narrow Loss

If Alabama puts up a good show against Maryland—it's too much to expect the Terrapins to lose two in a row—the Crimson Tide should clinch one of the spots. Alabama lost to Georgia Tech Saturday, but it was by an eyelash, 7-3. Maryland, meanwhile, was being dumped out of the unbeaten class by Mississippi, 21-14.

Syracuse should have no problem in Fordham, but Pitt, one of the surprises of the season, will have no picnic against Penn State, a team that was in line for a bowl bid until a couple of weeks ago. The best guess, assuming they both look good, is Alabama and Pitt for the Orange nomination.

Georgia Tech, which meets Mis-

issippi in the Sugar Bowl, figures to roll right along. The Engineers, with eight straight victories this season and 23 games without a defeat, entertain Florida State. Ole Miss, the terror of the football world since beating Maryland, gets the day off before winding up operations against Mississippi State the following week.

Tennessee, Texas' opponent in the Cotton Bowl, plays Kentucky, which should prove no problem. The Vols are right behind Georgia Tech in the Southeastern Conference standings, and if they whip Kentucky, they'll pull even. Texas, which clinched the Southwest Conference title by turning back Texas Christian, 14-7, is idle and winds up against Texas A and M next week.

Few Upsets

Meanwhile, most of the top teams came through last Saturday's action unscathed. The No. 1 outfit, Michigan State, defeated Notre Dame, 21-3, in a contest that was closer than the score indicates. Southern Cal blanked Washington, 33-0, UCLA was idle. Tennessee clouted Florida, 26-12, and Oklahoma, which only has to beat Nebraska this week to win the Big Seven crown, topped Missouri, 47-7.

In the Ivy League, Penn, the leader must only beat Cornell on Thanksgiving Day to wrap up the title. A similar situation holds in the Skyline Conference and Southern Conference. In the Skyline, Utah can take it by beating Utah State also on Thanksgiving Day, while in the Southern loop, Duke is a surefire bet if it dumps North Carolina State, one of the weak sisters.

Make Or Break For Two Pro Grid Teams

By ORLO ROBERTSON

NEW YORK (AP)—This is make or break week for at least two of the National Football League teams.

The Philadelphia Eagles, tied with the New York Giants for second place in the American Conference, tackle the pace-setting Browns at Cleveland Sunday and need a victory to remain in the running. The Giants and Eagles trailed Paul Brown's club by a game.

The Los Angeles Rams, back on the winning trail after a poor start, play host to the San Francisco 49ers with a triumph also necessary if the defending champions are to have a chance to retain their title in the league playoff. The Rams are a game to the rear of the 49ers and the surging Detroit Lions in the National Conference.

Packers In Upset

San Francisco and Detroit each has a 6-3 record along with the Browns, who took undisputed possession of first place in the American division yesterday when the Green Bay Packers upset the New York Giants, 17-3. The defeat dropped the Giants into a tie for second place with the Philadelphia Eagles, who beat the slipping Chicago Cardinals, 1-7, by cashing in on two fumbles recovered by veteran end Pete Pihos.

The Browns remained at the top of their division by the narrow margin of one point—a 29-28 decision over the Pittsburgh Steelers in the game in which three league marks were established.

The 49ers also had a close call before downing Washington's Redskins, 23-17, but the Lions romped to a 43-13 verdict over the orphan Dallas Texans. The Rams turned the National Conference into a four-team affair by passing the Chicago Bears crazy, 40-24.

Groza Sets Record

Lou Groza set two of the league records in the Browns-Steelers game. He booted two field goals to run his seasonal output to 14, one more than his own mark. He also kicked three extra points to run his total for the year to 22 and his consecutive string record to 94.

With Otto Graham tossing the ball for two touchdowns to lead the Browns' to victory and Jim Finks completing four touchdown heaves, the two club attempted 89 passes, one more than the record set by Washington and Los Angeles in 1949.

Rookie Babe Parilli, former Kentucky star, scored one touchdown and passed for the other as the Packers pulled the upset of the day. For the first time this season, the Giants failed to score a touchdown.

Indiana Back Leads Big Ten

CHICAGO (AP)—Fullback Gene Gedman of Indiana, playing with one of the conference's weakest clubs, held the Big Ten scoring lead today.

Gedman accounted for a touchdown in Indiana's 37-14 loss to Wisconsin Saturday and upped his total for the season to 48 points, six better than his nearest rivals.

Four players were tied for second going into the final week of the Big Ten campaign. The figures include nonconference as well as conference games.

Purdue's end, Bernie Flowers, was tied with Gedman for the lead last week, when both had 42 points, but the Boilermaker flanker was held scoreless as Purdue lost to Michigan 21-10.

Education Week Being Observed

American Education Week is to be observed Monday evening at a program arranged by the Central Parent-Teachers association.

Following a short business meeting parents will attend evening classes resembling as close as possible the classes which their children attend during the day, only in shortened form.

Classes will be ten minutes in length with a five minute lapse between classes.

Parents should obtain the schedule of their children's classes before coming to the meeting to avoid confusion. Schedules also will be posted on the grade school room doors to assist parents wishing to attend classes in both grade and high schools.

The Gladstone Public and School Library will be open and Miss Helen Marie Sohlberg, librarian, has arranged a book display especially for the occasion.

Lunch will be served at the close with third grade mothers in charge. On the committee are the Misses Richard Hammond, William Beach, Nels Appelgren, Raymond Tordue, Everett Washburn, D. A. Mathison, Lloyd Nyberg, William Kaufman, John Lake and Carmen Swanson.

Religion School Tuesday Evening

The School of Religion sponsored by All Saints Catholic church will be held at 8 on Tuesday evening in the parish hall. Rev. Fr. Thomas Andary of Rapid River will talk on "Extreme Unction". All members of the parish and interested persons are invited to attend.

Social

Pink and Blue Shower

Mrs. Norman Hagman was honored Wednesday evening at a pink and blue shower held at the home of Mrs. Axel Skoglund. Forty guests were present.

Games formed the major diversion of the evening and prizes were awarded to all winners. A special award went to Mrs. Gerald Nicholas.

Pink and blue streamers decorated the gift table which was centered by a miniature stork. The guest of honor received many nice gifts. A tasty lunch was served at the close of the evening. Arrangements were made by Mrs. Raymond Poss and Mrs. Gilbert Helgemo. Assisting in serving were Arla, Jane and Greta Johnson.

Card Marathon Of OES Begins

The card marathon sponsored by Minnecassa Chapter 96, OES, will hold its first evening of play on Tuesday night at 8 at the Masonic hall. Anyone desiring to play is invited to attend.

Briefly Told

No Smear Play — Because of hunting season there will be no play this evening in the Holy Name smear tournament being held each Monday night at All Saints parish hall.

Forester Meeting — A meeting of the Woman's Catholic Order of Foresters is to be held Thursday evening at 8 at the parish hall. Mrs. Martin Caldwell, Mrs. Walter Baldwin and Mrs. Laura Cassels form the committee in charge.

HONG KONG ISLAND

Hong Kong is not a city in China. It is an island of 32 square miles, located at the mouth of the Canton River. It was ceded to Great Britain in 1841 as a result of the First Opium War, and is an important British naval base.

NOT PENSIONED

Although widows of congressmen do not receive pensions, it is customary for Congress to grant a widow a full year's salary if a member of the Senate or House dies while in office.

GIVING CONCERT — The Rev. Eugene Lundberg will present a sacred concert Tuesday evening at 8 in the Mission Covenant church.

Sacred Concert Tuesday Evening

A concert of sacred music is to be presented by the Rev. Eugene Lundberg at the Mission Covenant Church Tuesday evening at 8 under the auspices of the Fellowship group.

Rev. Lundberg, an ordained minister in the Evangelical Mission Covenant Church, has given his full time to sacred concert work since the spring of 1948.

He studied voice with Stanford Hulshizer of Drake University at Des Moines, Iowa, and in Chicago with Clifford Toren. During the summer of 1947 he was tenor soloist for the Swedish Christian Male Chorus of Chicago on its tour of Scandinavia.

His program is made up of old familiar hymns, a few of the great sacred classics and Negro spirituals. In addition to the singing he spends part of the hour doing chalk drawing, so his programs are also enjoyed by the young folks. Before going to the seminary, Lundberg did commercial art work in Des Moines and he has done considerable mural and altar painting.

The general public is invited. Refreshments will be served in the church parlors at the close of the concert.

To Talk City Band At Meet Tuesday Night

The Band Booster club will meet at 8 on Tuesday evening in the Music room at Gladstone high school. The topic for discussion will be on "City Band". A report on the bake sale will be given. All parents of the band members are invited to attend. The lunch committee is composed of Mrs. Elihu Rasmussen and Mrs. Maurice Anderson.

Larry Trekas, 9, Has Lucky Escape

Larry Trekas, 9, son of Mr. and Mrs. Steve Trekas, 806 Delta avenue, escaped with minor bruises Saturday morning about 11:30 when a bike he was riding was struck by a Canadian auto hauling away on WS-2 & 41 several miles south of Gladstone.

The driver, Everett Mills, Windsor, Ontario, picked up the child and the bicycle and brought both to the Gladstone Post of the Michigan State Police where he reported the accident.

Mills told officers that he saw the child and another boy riding bikes on the pavement some distance ahead of him and sounded his horn to warn them, but that as he neared the youngster's course he wavered and the bike was hit lightly by the vehicle, knocking the child to the roadway.

OLD SETTLEMENT — Albany, N. Y., probably was the second permanent settlement within the boundaries of the 13 colonies, according to the Encyclopedia Britannica.

Anthony Stemas, Ensign, Dies

Anthony E. Stemas, 48, Ensign, died at St. Francis Hospital Sunday at 5:30 a. m. He had been in poor health suffering from a heart ailment two years and was seriously ill one month.

He was born in Yugoslavia June 13, 1904, and came to the United States 32 years ago to live in Ensign where he farmed. He was a member of St. Charles Church of Rapid River and the Alton Grange.

Surviving are his wife, the former Antonia Asmak, a brother Joseph of Ensign, and three sisters, Mrs. Bencil Jones of Ashland, Wis., Mr. Rose Turkovich of Kansas City, Kan., and one in his homeland.

The body was taken to the Skradski Funeral Home where friends may call beginning tonight. Services will be held at 10 a. m. Wednesday at St. Charles Church with Father Thomas Andary officiating. Burial will be in Rapid River Cemetery. The rosary will be recited at the funeral home at 7:45 p. m. Tuesday.

2 New Classes Start On Monday

Two more classes are to be added to the Adult Education program at Gladstone high school, beginning this evening.

One is to be a class in elementary sewing with Mrs. Constant Stock in charge.

The other will be a series of four lectures on Home Arts. These will include Floral Decorations, Home Decorations for the Holidays, Table Arrangements and Gift Wrappings.

The last three will be by Mrs. Marvin Larsen.

Persons wishing to take either course may sign this evening at the high school.

Viau, Hanson Hurt In Auto Accident

Two young men were injured, neither seriously, at 10 p. m. Sunday when a car driven by Emmett Viau, 17, of 1519 Sheridan Road, Escanaba, rolled over on county road 426 four miles northwest of Mashek.

Viau suffered lacerations of the left arm and bruises. His passenger, Richard Hanson, 19, of Stonington, suffered a bruised left shoulder.

They were brought to St. Francis hospital by Allen Tweedy of Escanaba, who came up soon after the accident, and were released following treatment.

THOSE IN UNIFORM

Seaman John C. Olive, son of Mrs. Virginia Olive of 1008 Superior Ave., returned to the United States aboard the attack carrier USS Princeton last week. The Princeton had eight months of combat duty in Korea and its planes participated in some of the most spectacular air raids of the Korean conflict.

Alaska is the new duty station of Army Pvt. Leonard D. Swagart, son of Mr. and Mrs. George A. Swagart of Cooks. Recently arriving there, he was immediately assigned to 4th Regimental Combat Team at Eielson Air Force Base near Fairbanks.

Swagart's unit is receiving intensive field training while providing security for the northern approaches to Canada and the United States. Private Swagart entered the Army in April.

A three-day break from the Korean fighting was recently awarded Army Pfc William J. McCollum, son of Mr. and Mrs. Dan McCollum of Munising, Rte. 1, to visit a rest camp in the rear area.

Extensive recreational and entertainment facilities are available at the rest center, where men from the combat units have access to many luxuries unobtainable at the front lines.

McCollum, a rifleman in the Seventh Division, has been in Korea since June, 1952. He entered the Army in November, 1951 and has been awarded the Combat Infantryman Badge, UN Service Ribbon and the Service Ribbon with one campaign star.

Girl Scout Leaders Training Is Planned

A Girl Scout leaders training course is to be conducted at the Recreation building at 1:30 Wednesday afternoon. In charge of the training is Mrs. John Fawcett, Escanaba.

Record Deer-Hunting Army Invades Woods

By JAMES A. O. CROWE
(Associated Press Outdoor Writer)

Hundreds of thousands of deer hunters, caring little that they were shattering records, were up before dawn today to open fire at 6 a. m. as Michigan's 16-day deer season moved into its third day.

The throng, scattered over millions of acres of the deer range, was estimated at between 300,000 and 400,000, the greatest number ever to open a Michigan deer season.

They established two more new records at the Straits of Mackinac, 40,000 in U. P.

An estimated 40,000 of them were carried to the Upper Peninsula in 13,695 vehicles in the four days ending at midnight Thursday. This compared with 11,832 vehicles in the same period last year, the previous record.

In the 24 hours ending at midnight Thursday, 6,755 vehicles were carried to shatter the previous record of cars carried by the ferries in any one full day. The previous high was 5,643 vehicles carried in 24 hours on July 4, 1952.

The addition of the 150-car Vacationland to the ferry fleet since last deer season made it possible to handle the crush with a maximum wait of two hours at the traffic peak Thursday night. The lines of waiting cars this year extended off the docks.

Heavy Herd
A deer herd increased to the point of overcrowding in some areas, the weekend opening and prospects of good driving and hunting weather combined to produce the record turnout, conservation officials said.

The herd has become so thick in the northern lower peninsula that the Conservation Commission, acting under new authority, opened the last three days of the season in the region to shooting does and fawns as well as bucks.

Otherwise, hunters may only shoot bucks with antlers three inches long or longer. Individual hunters are limited to one deer each.

No Snow
The great majority of hunters had taken stands on oak ridges and other high ground.

Conservation Department field observers have reported the deer feeding on acorns on oak ridges or scattered well through other uplands.

There is no tracking snow of any consequence anywhere in the state, and predictions hold out no hope of snow for the weekend.

Deer hunters who have registered the location of their camps with the state police or Conservation Department can be reached in emergencies through those agencies.

Upper Peninsula radio stations are carrying daily programs during the season carrying weather and hunting information, and will broadcast emergency messages to hunters.

Parties

GARDEN—Mrs. Maud Lamotte entertained her pinocle club Tuesday night. Refreshments were served after games which netted prizes for Mrs. Frank Moran and Mrs. Roland Boudreau in high and low positions. Mrs. Moran had the rare experience of holding 1,000 aces.

During their play the week before, when Mrs. Rupert Greene entertained, Mrs. Maud Lamotte and Mrs. Fred Gauthier received awards for first and second places and Mrs. Walter Stellwagen for double pinocle.

Mrs. Arta Hazen, who spends the summer at her home here and will soon leave for Waukegan, home of her daughter, Mrs. Edward Nehls, was paid a surprise visit Wednesday night by members of the Ladies' Guild of the Congregational church, of which she was a charter member. Games were played during the evening Mrs. Borge St. and Mrs. Ossie Hazen receiving prizes for the paper and pencil variety. Lunch was served by the society.
